

## SPEARMAN HI TAKES TITLE DISTRICT ONE

LYNX UPSET DOPE AND COP HONORS SATURDAY.

Canyon High Eagles Place One Man on All-District Team; Happy Places Two.

The Lynx of the Spearman High School upset the dope and emerged undefeated in the final game of the district basketball tournament Saturday night at Buffalo Gym to carry away the title of the First District of the Interscholastic League.

In the final combat, the Lynx had as opponents to the title the Happy Jacks of Happy High School. The Happy Jacks were the favorites at the beginning of the contest but fell before the Spearman boys by a score of 25-20.

Dope was upset many times during the tournament as the teams advanced toward the final round. In the first round Friday night the Amarillo Sandies looked promising as district champions in smothering the Hereford Whitefaces by a 36-12 score, but fell before the Follett Panthers, 12-9, Saturday afternoon.

The Canyon High School Eagles were downed by the Stratford High School Saturday morning by a 25-21 score, after winning an easy game from Pampa on Friday.

Sixteen of the seventeen teams scheduled participated in the tournament. Miami did not appear and the game scheduled went to Follett by default.

Large crowds were in attendance through all the games, which began at 9 a. m. Friday, with Follett and Panhandle playing.

Four West Texas Buffalo basketball stars, Gerald, Jones, Bandy, and Newman, were officials during the entire tournament. Their work in the capacity of officials brought commendable praise from those who were present at the games.

An all star team was selected from among the teams that played during the tournament. In the all district selection, Canyon placed one man on the mythical team.

The selections were made by officials who refereed the games of the tournament, and Coach S. D. Burton of the Buffaloes. The selections were:

### First Team.

Owen, forward, Spearman.  
Cabe, forward, Canyon.  
Fortenberry, center, Happy.  
Magness, guard, Happy.  
Rippy, guard, Spearman.

### Second Team.

E. Plunk, forward, Stratford.  
Hannah, forward, Borger.  
Dyer, center, Farwell.  
Russell, guard, Follett.  
Flores, guard, Stratford.

Honorable mention: Teed, Amarillo; Tucker, Perryton; Newman, Perryton; Morgan, Happy; Jennings, Canyon; Windom, Spearman, and Walker, Spearman.

## Canyon Man's Car Located in Amarillo

A Chevrolet sedan belonging to L. N. George, which was stolen in Panhandle Saturday, was found by officers in Amarillo Sunday morning.

Mr. and Mrs. George were visiting in Panhandle. Upon discovering the disappearance of the car they notified officers in nearby cities to be on the lookout for it. It was found parked in Amarillo, by officers of that city. Nothing of any value was stolen from the car, and no damage was done to it.

## Dairymen To Hold Banquet On March 21

The annual banquet of the Randall County Dairymen's Association will be held on March 21, according to plans and announcements of the Association.

Preparations will be made to care for 200 people at the banquet. Only members and their invited guests will be present.

The association has approximately 75 members among the dairy farmers of this county. The association as a whole has accomplished a number of things toward the betterment of the dairying industry in this county.

### BROTHER ILL

S. B. McClure received word Wednesday afternoon of the serious illness of his brother, I. W. McClure at Tampa, Fla. Mr. McClure was stricken with a stroke of paralysis.

Mr. McClure formerly lived in Canyon and is well known here.

## Swine Breeders Plan Recording Association

Texas swine growers may withdraw from the National Recording Association and form their own Texas association, according to statements made at the Panhandle Swine Breeders Association meeting in Brownfield the middle of February. One of the big breeders in the state stated that last year he spent more than \$1,600 for registration dues and that in spite of this amount of money sent out of the state the various swine breeders associations refused either to give Texas growers a field man or to make donations to supplement premium lists in Texas fairs. It was pointed out that a recording association in Texas would make it possible for Texas growers to keep a field man within the state devoting all of his time to the production of purebred swine.

Joe Lillard of Fort Worth, Frank Phillips of Canyon and Jeff Greer of Arlington were appointed as a committee to make recommendations to the State Swine Breeders Executive Board, which will meet at Fort Worth during the Fat Stock Show.

Prof. Frank Phillips, head of the Agriculture department of the West Texas State Teachers College, was in charge of the Swine Breeders School held at Brownfield preceding the sale.

R. E. Prewitt, manager of the Tierra Blanca Hog Farm located east of Canyon, is a director of the Texas Swine Breeders Association.

## 580 Extension Students Take College Work

The campus of the West Texas State Teachers College at this place has been extended until it is practically nation-wide. There are at present 580 extension students of the college, most of them enrolled for correspondence courses.

Representatives of Florida and California find the courses equally valuable, for both Miami and Los Angeles are on the list. Montana and Mississippi have students enrolled, and New Mexico, Oklahoma, Kansas, Arkansas, Missouri and other states are found.

The greater part of these students from widely scattered sections of the country are enrolled with the Canyon College either because they have attended it in the past and expect to return later to receive their degrees, or because they expect to come to Texas to live and are lining up with Texas institutions.

Inquiries are frequently received regarding Canyon's correspondence work from places as far away as Hawaii and the Philippines, and Alaska. According to those in charge of the work, these inquiries come through ex-students of the institution who tell their associates of the work offered.

## Andy Costley Was Buried Here Sunday

Funeral services were conducted at the First Methodist church at 2:30 p. m. Sunday for Andy Costley, prominent and well known Randall county farmer, who died in an Amarillo hospital last Thursday morning.

Rev. B. F. Fronabarger and Rev. C. E. Jameson jointly conducted the services.

Interment was at Dreamland cemetery, with Griggs-Thompson funeral home in charge.

## Dr. G. G. Ingham Receives Santa Fe Appointment

Announcement was made a few days ago of the appointment of Dr. Geo. G. Ingham as oral surgeon over three divisions of the Santa Fe railway.

Dr. Ingham is the son of Dr. S. L. Ingham of Canyon and received his early education at this place. It is with pleasure that his many friends here received the announcement of his appointment to the position.

### STORK SPECIAL

Born to Mr. and Mrs. T. S. Furlow, a girl, February 22.

Born to Mr. and Mrs. Jim Cheyenne, Monday, Feb. 25, a daughter. They have named her Patsy Eyvonne.

Born to Mr. and Mrs. Felix Pierce, a daughter, Feb. 8. The baby has been named Fannie Alice.

The Happy Eastern Star has invited the Canyon Eastern Star to attend a meeting there tonight. Eighteen members from here plan to attend.

## Elected Secretary

MRS. GERALDINE GREEN  
Mrs. Geraldine Green, dean of women at the College has been elected secretary of the National Association of Deans of Women, a department of the National Education Association.

Mrs. Green has been in Atlantic City, New Jersey the past week, attending the meetings of the N. E. A. She appeared in the program of the department which has just elected her secretary.

Having left Atlantic City Tuesday, Mrs. Green expects to be back in her office next Saturday.

## Duflot Discusses Juvenile Problem With Rotarians

J. L. Duflot was speaker at one of the most interesting Rotary meetings of the year, at the club's weekly luncheon Tuesday. He used as his subject, "Four Negative Factors Leading to Juvenile Delinquency."

In discussing juvenile delinquency the speaker stated that there was a very urgent need of directors of recreational directors among the police systems of the larger cities in order to eliminate the delinquency among children.

Examples were read by Mr. Duflot showing the influence of gang elements upon the lawlessness of the land.

Visitors present were: Mrs. Myers and Miss Robinson both of Amarillo. Visiting Rotarians present were Geo. T. Maggard, Wales H. Madden, Ross Hatcher, Allen Early, A. J. Harris, C. R. McAfee, Gaines Whittitt, A. W. Caldwell, Bill Matthews, J. Lee Burke, Emil F. Myers, and E. W. Little.

## M. W. Hess Asks Re-Election Office Co. Commissioner

I wish to announce to the voters of Precinct No. 2 that I am a candidate for re-election to the office of County Commissioner, subject to the action of the Democratic Primary in July.

I have served you to the best of my ability for over three years, and my hope is that those three years in office will speak for themselves.

I am asking your support and your vote as both will be highly appreciated.

M. W. HESS.

## Complete Farm Census Asked for Randall County

The Census Bureau through the Extension Department of Agriculture is at this time sending out sample copies of the questionnaire which the census enumerator will fill out when he visits the farms throughout the United States this year.

These are sent to the various county agents for distribution among the farmers of their counties. The purpose in sending out these copies is to enable the farmers to acquaint themselves with the questions they will be asked to answer when the official enumerator calls.

Farmers who care to obtain copies of the questionnaire may obtain them by calling at County Agent W. H. Uchurch's office. Mr. Uchurch states that there never has been a complete farm census taken of the county and he is very desirous of getting a complete one this year in order that the county will stand out more on its agricultural products.

A. B. Duncan and Harry Faulkner were in Amarillo attending to business yesterday afternoon.

C. N. Harrison was in Lubbock yesterday attending to business.

## PLAY DAY AT COLLEGE IS TO BE MARCH 29

FIRST OF ITS KIND EVER TO BE HELD IN PANHANDLE

Girls From High Schools Over the Entire Panhandle Will Be Invited Here.

The department of Physical Education for Women of the West Texas State Teachers College is sponsoring a Play Day for high school girls of the Panhandle.

The date set for this meet is March 29. The meet will be conducted by the Women's Athletic Association of the College, under the general direction of Miss Ruth Cross and Miss Rubie Barksdale.

Invitations have been extended to the girls of every high school within easy driving distance of Canyon.

Miss Cross explained that this is not an athletic meet. It is a Play Day for high school girls of every size and degree of athletic development. The competition will not be between schools but between groups made up of girls from all the schools participating.

A girl may enter as many contests as she chooses except that the sponsors will see that no girl plays too hard or too long.

The day will begin at 9:30 and will close at 4:30, so that the girls need not be away from home over night.

Activities will include volleyball, basketball, play ground baseball, swimming, croquet, nine pins and races.

A Play Day organized as this one is will be a new event in the Panhandle. Miss Cross and Miss Barksdale hope that the meet held this year will be the first of many more to come, and that it will serve to develop in high school girls some wholesome athletic interests which can be continued after their school and college careers are finished.

## County Executive Committee Fills Places on Monday

The Randall County Democratic Executive Committee met in a called session Monday for the purpose of filling vacancies and to name the election judges for the primaries to be held in July and August.

No mention was made at the meeting of the probability of leaving any names off the primary ballots in accordance with the precedent set by the State Executive Committee.

The following are members of the county executive committee:

A. M. Smith, chairman.  
No. 1—A. H. Prichard.  
No. 2—Tom Hileman.  
No. 3—D. S. Hill.  
No. 4—E. N. Zachery.  
No. 5—Glen Costley.  
No. 6—James E. Park.  
No. 7—George Mason.  
No. 8—Louie Weick.  
No. 9—H. C. Holland.  
No. 10—Newt Reeves.  
No. 11—R. O. Allison.  
No. 12—J. F. Love.  
No. 13—Fred Marshall.

The following were appointed to hold the primary elections:

No. 1—A. H. Prichard.  
No. 2—Jim Leavitt.  
No. 3—D. S. Hill.  
No. 4—E. N. Zachery.  
No. 5—Glen Costley.  
No. 6—James E. Park.  
No. 7—George Mason.  
No. 8—Will P. Jensen.  
No. 9—H. C. Holland.  
No. 11—L. A. Donnell.  
No. 12—J. F. Love.  
No. 13—Fred Marshall.

## New Faces Among City Officials Are Very Likely

The election of city officials will not be held until the first of April, but suggestions are now being made as to the probable candidates for the commission.

It was stated yesterday that T. C. Thompson and J. J. Walker had decided not to stand for re-election as members of the commission. Mayor R. A. Bellah is being urged to stay in office for the second term, and may consent to do so.

To run with him the names of Dr. R. P. Jarrett and Grady Oldham are being urged by a number of citizens. It was thought yesterday that these three names will be filed this week with the city clerk for a place on the city election ticket.

Farming pays in Randall county.

## TRADES DAY BRINGS CROWD TO CANYON

INTEREST RAN TO HIGH POINT IN CONTESTS.

Entertainment Committee Provided Ample Amusement for Those Who Were in Town.

Despite unfavorable weather Monday the first monthly Trades Day of the year was attended by a good sized crowd. Interest ran high in the various contests staged by the entertainment committee. The committee was highly praised for its initiative in arranging the program.

In the Turkey Walking contest, Rev. McKinney, first; G. A. Reynolds, second, and T. A. Dowlen, third. Winners in the Rolling Pin throwing contest were: Mrs. E. E. Owens, first; Mrs. Fred Marshall, second, and Mrs. Bob Stratton, third. The driving contest was open to women only and the contestants were required to drive a car backwards through two rows of bricks. In this contest the winners were: Mrs. Ed Phillips, first; Mrs. George Johnston, second, and Mrs. Cleveland Baker, third. The cracker eating contest drew the largest number of entrants of any contest held during the afternoon. Leonard Brasud emerged with first prize followed by G. A. Reynolds and Johnnie Wilson as second and third places respectively.

A contest that evidently created the greatest amount of interest during the afternoon was the one for Old Fiddlers. Competition in the contest reached a high point and the large crowd that filled the district court room greatly enjoyed the music furnished by the fiddlers. Winners were: E. A. Rusk, first; Bob Hutchinson, second and Elzie Price, third.

It is tentatively planned to make the fiddling contest a regular feature of the Trades Day according to statements from members of the Chamber of Commerce.

The committee in charge of the program for Monday was composed of Carl Laughery, M. S. Bisher, and L. N. George.

## Planting Seed Selling Fast, Says Upchurch

W. H. Upchurch, who has charge of distributing the purebred seed purchased by the Canyon Chamber of Commerce and sold to the farmers of Randall county at cost, states that the demand for the varieties of seed in stock is rapidly reducing the amount on hand.

The varieties of seed purchased were: maize, kafir, hegari and red top sorghum. Mr. Upchurch says that the seeds now on hand will in all probability be all that will be purchased and those farmers who want to obtain the purebred seed for planting should buy them now. It was thought that no red top sorghum would be purchased this year as none could be easily located when purchase of the other varieties was made. However, it was later learned that a good quantity of red top seed was available at another point so these were purchased.

This is the second year that the Chamber of Commerce has been responsible for the purchase of purebred planting seed and selling them to the farmers of the county at the actual cost of getting the seeds and handling them.

Visible results of the planting of purebred seed last year were astounding. The increased dividends proved that purebred seed made more profit per acre in comparison with other seed.

## Mark Foster Opens Bakery Here Recently

Mark's Bakery which has been operated by Mark Foster in Happy for the past year has been moved to Canyon and opened for business a few days ago.

Before going to Happy Mr. Foster was employed by the Canyon Steam Bakery.

CLARENDON EDITOR MARRIES  
Announcements have been received here of the marriage of Sam M. Braswell, editor of the Clarendon News, and Mrs. Eudora Spencer Blackburn of Granville, Ohio, on Saturday, Feb. 22.

Rev. and Mrs. J. H. Braswell of this city are the parents of the groom, who is well known in Canyon.

The best wishes of many friends over the Panhandle go to the bride and groom.

Leslie Summitt of Tulsa spent Sunday visiting with friends here.

## G. G. Foster Is Candidate Office of County Judge

To the Voters of Randall County, I wish to announce my candidacy for the office of County Judge. I have been a resident of this county for the past thirty years, and I feel that I am well acquainted with the needs of the county, and qualified to perform the duties devolved upon your County Judge.

I have always taken an active interest in public schools in this county and was a school teacher for fourteen years. If I am elected as Judge I will devote as much time as possible to schools in this county over which that office gives jurisdiction.

If elected to the office for which I ask, I will give my undivided time to discharging its duties, with the best interests of the county always in mind. I will try to see each voter in the county personally before the election, but if I fail to see you, I ask your consideration and solicit your vote.

G. G. FOSTER.

## Pecan and Grape Tests Will Be Made at T-Anchor

Instead of a round-up, plans are being made this year at the old T-Anchor Ranch headquarters for several orchard tests which will be interesting and profitable not only to the Teachers College farm but to settlers all over this territory.

Mr. T. M. Moore, who has charge of the farm, states that a pecan variety test is being started with Burkett, Schley, Texas Prolific, Halbert and Mahan pecan trees. The trees will be planted in the same soil, will be cultivated by the same method, and it is hoped that it will be discovered what variety, if any, is particularly adapted to Panhandle conditions. Most of the trees for the tests were donated. The Mahan trees came from Monticello, Florida.

A second test is a grape variety test through the efforts of W. H. Upchurch, county agent of Randall county. Forty-two varieties were secured from the Woodward Federal Field Station. These will be tested in the same way that the pecans are tested.

Several thousand currant plants are being set out and those fruits which are most certain to bear in this region will make up the orchard. The orchard will largely be currants, cherries, plums, and grapes.

A dozen two and three year old grape vines of Concord and white varieties are being planted, aside from the varieties tested.

Twelve Chinese elm trees have been secured and will be set out close to the houses on the T-Anchor property.

## Only Four Cows in 1,000 Tested Infected With T.B.

The campaign of testing of the dairy cows in this county for which T. B. has been conducted by the Randall County Dairymen's Association is proving its worth in eliminating the disease among the dairy cows.

During the first week of the test 1,000 cows were tested. Out of the entire lot of the cows four were found to be infected with T. B. All of the four cows were in herds that were not tested last year. Out of 800 cows tested a year ago eight were found to be diseased which is one percent as compared to less than one-half of one percent this year. The herds tested last year and again this year were found to be free from the disease.

Of the herds serving retail routes in Canyon that were tested were found to be free from diseased cows. However, it is said that approximately 100 cows in and around Canyon were not included in the test.

### BUILDING PERMITS

Building permits issued this week at the city secretary's office totaled \$5,500.00.

Permits were issued to The Texas State Highway Department for the erection of a corrugated iron warehouse located at 8th Avenue and 23rd Street at a cost of \$1500, and Lillian J. Atkins for the erection of a residence on 3rd avenue at a cost of \$4,000.

### CAR DELIVERIES

L. B. Roberts, Used Ford Pickup.  
Jack Burgan, New Chevrolet Sport Coupe.  
Dale Bodkins, Used Chevrolet Coupe.

## FINAL PAPERS ON STOCK PEN ARE RECEIVED

TRANSFER OF PAPERS WILL TAKE PLACE MONDAY

Attempt to Open Up New Residential Addition Is Successful; Work of Commerce Body.

The officials of the Santa Fe have signed and returned the final papers on the removal of the stock pens and opening the way for immediate action of building up the College Park Addition to Canyon.

The papers are now in the Arriarillo office of the Santa Fe, according to advices sent to W. A. Warren, president of the Chamber of Commerce, who has been the guiding force in making way for the opening of the new residential addition.

Much delay has been encountered in connection with the removal of the pens since active work on their removal was begun by the Chamber of Commerce early last fall. It looked for a time that the delays would cause this attempt to remove the stock pens to be unsuccessful, thus bringing the attempt to the same end as other attempts at former times.

Since the establishment of the College here a number of attempts have been made to place the stock pens elsewhere and thus clear the way for the opening of an ideal residential section to Canyon.

The Conner heirs, who automatically became owners of the property upon the release of the Santa Fe's claim to it, relinquished their rights to the property several months ago. The original deed to the property given the Santa Fe by L. G. Conner stated that should the railway company ever cease to use the property it would revert to his heirs.

The exchange of the papers will take place Monday when Gilvin and Brymer, Amarillo realtors, will take over the property to develop the new addition.

The deal would have already been closed but the men have been away from Amarillo since the papers arrived. March 1, was named as the last day of the time allotted to clear up the removal of the pens. However, the realtors stated before they left Amarillo several days ago that they would carry out the contract to open up the addition in case the papers did not arrive back in Amarillo until a few days after March 1. They will not be back in Amarillo before Sunday, therefore the papers cannot be signed until Monday.

It is expected that little time will be lost in beginning development of the addition.

## Club Women Plan For District Meeting

Plans are now being made for the meeting of the Seventh District of Texas Federation of Women's Clubs, which will be held in Pampa on April 23, 24, and 25.

Forty-nine counties in the Panhandle comprise the Seventh District, which is by far the largest in Texas. At this time eight counties in the district do not have representation in the federation.

Canyon women who are officers of the organization are: Mrs. J. A. Hill, chairman of the Department of the American Home, and Mrs. T. V. Reeves, chairman of the Department of Public Welfare.

## County Exhibit Will Be Displayed at Stock Show

County Agent W. H. Upchurch will enter a display of Randall county farm products in the Fat Stock Show which opens in Fort Worth on March 7.

The Randall County exhibit won first place at the Tri-State fair at Amarillo last September. It was not entered in the State Fair of Texas, but was pooled with the Panhandle-Plains, Inc. and exhibited in that manner.

While the Fat Stock show is in progress Mr. Upchurch together with a committee of the State Exhibitors Association will meet with the Superintendent of the Agriculture Department of the State fair in arranging for exhibit rules for the exhibition of farm products at the State Fair in the fall. The rules set down by the state fair are usually followed by all leading fairs in the south, Mr. Upchurch states.

Mrs. W. D. Pike spent several days during the past week visiting with her mother and attending a Methodist Church meeting in Lubbock.

# The Canyon News

VOLUME NUMBER XXXIII.

CANYON, TEXAS, THURSDAY, FEBRUARY 27, 1930.

NUMBER 49

## SPEARMAN HI TAKES TITLE DISTRICT ONE

LYNX UPSET DOPE AND COP HONORS SATURDAY.

Canyon High Eagles Place One Man on All-District Team; Happy Places Two.

The Lynx of the Spearman High School upset the dope and emerged undefeated in the final game of the district basketball tournament Saturday night at Buffalo Gym to carry away the title of the First District of the Interscholastic League.

In the final combat, the Lynx had as opponents to the title the Happy Jacks of Happy High School. The Happy Jacks were the favorites at the beginning of the contest but fell before the Spearman boys by a score of 25-20.

Dope was upset many times during the tournament as the teams advanced toward the final round. In the first round Friday night the Amarillo Sandies looked promising as district champions in smothering the Hereford Whitefaces by a 36-12 score, but fell before the Follett Panthers, 12-9, Saturday afternoon.

The Canyon High School Eagles were downed by the Stratford High School Saturday morning by a 25-21 score, after winning an easy game from Pampa on Friday.

Sixteen of the seventeen teams scheduled participated in the tournament. Miami did not appear and the game scheduled went to Follett by default.

Large crowds were in attendance through all the games, which began at 9 a. m. Friday, with Follett and Panhandle playing.

Four West Texas Buffalo basketball stars, Gerald, Jones, Bandy, and Newman, were officials during the entire tournament. Their work in the capacity of officials brought commendable praise from those who were present at the games.

An all star team was selected from among the teams that played during the tournament. In the all district selection, Canyon placed one man on the mythical team.

The selections were made by officials who refereed the games of the tournament, and Coach S. D. Burton of the Buffaloes. The selections were:

**First Team.**  
Owen, forward, Spearman.  
Cabe, forward, Canyon.  
Fortenberry, center, Happy.  
Magness, guard, Happy.  
Rippy, guard, Spearman.  
**Second Team.**  
E. Plunk, forward, Stratford.  
Hannah, forward, Borger.  
Dyer, center, Farwell.  
Russell, guard, Follett.  
Flores, guard, Stratford.  
Honorable mention: Teed, Amarillo; Tucker, Perryton; Newman, Perryton; Morgan, Happy; Jennings, Canyon; Windom, Spearman, and Walker, Spearman.

## Canyon Man's Car Located in Amarillo

A Chevrolet sedan belonging to L. N. George, which was stolen in Panhandle Saturday, was found by officers in Amarillo Sunday morning.

Mr. and Mrs. George were visiting in Panhandle. Upon discovering the disappearance of the car they notified officers in nearby cities to be on the lookout for it. It was found parked in Amarillo, by officers of that city. Nothing of any value was stolen from the car, and no damage was done to it.

## Dairymen To Hold Banquet On March 21

The annual banquet of the Randall County Dairymen's Association will be held on March 21, according to plans and announcements of the Association.

Preparations will be made to care for 200 people at the banquet. Only members and their invited guests will be present.

The association has approximately 75 members among the dairy farmers of this county. The association as a whole has accomplished a number of things toward the betterment of the dairying industry in this county.

## BROTHER ILL

S. B. McClure received word Wednesday afternoon of the serious illness of his brother, I. W. McClure at Tampa, Fla. Mr. McClure was stricken with a stroke of paralysis.

Mr. McClure formerly lived in Canyon and is well known here.

## Swine Breeders Plan Recording Association

Texas swine growers may withdraw from the National Recording Association and form their own Texas association, according to statements made at the Panhandle Swine Breeders Association meeting in Brownfield the middle of February. One of the big breeders in the state stated that last year he spent more than \$1,600 for registration dues and that in spite of this amount of money sent out of the state the various swine breeders associations refused either to give Texas growers a field man or to make donations to supplement premium lists in Texas fairs. It was pointed out that a recording association in Texas would make it possible for Texas growers to keep a field man within the state devoting all of his time to the production of purebred swine.

Joe Lillard of Fort Worth, Frank Phillips of Canyon and Jeff Greer of Arlington were appointed as a committee to make recommendations to the State Swine Breeders Executive Board, which will meet at Fort Worth during the Fat Stock Show.

Prof. Frank Phillips, head of the Agriculture department of the West Texas State Teachers College, was in charge of the Swine Breeders School held at Brownfield preceding the sale.

R. E. Prewitt, manager of the Tierra Blanca Hog Farm located east of Canyon, is a director of the Texas Swine Breeders Association.

## 580 Extension Students Take College Work

The campus of the West Texas State Teachers College at this place has been extended until it is practically nation-wide. There are at present 580 extension students of the college, most of them enrolled for correspondence courses.

Representatives of Florida and California find the courses equally valuable, for both Miami and Los Angeles are on the list. Montana and Mississippi have students enrolled, and New Mexico, Oklahoma, Kansas, Arkansas, Missouri and other states are found.

The greater part of these students from widely scattered sections of the country are enrolled with the Canyon College either because they have attended it in the past and expect to return later to receive their degrees, or because they expect to come to Texas to live and are lining up with Texas institutions.

Inquiries are frequently received regarding Canyon's correspondence work from places as far away as Hawaii and the Philippines, and Alaska. According to those in charge of the work, these inquiries come through ex-students of the institution who tell their associates of the work offered.

## Andy Costley Was Buried Here Sunday

Funeral services were conducted at the First Methodist church at 2:30 p. m. Sunday for Andy Costley, prominent and well known Randall county farmer, who died in an Amarillo hospital last Thursday morning.

Rev. B. F. Fronabarger and Rev. C. E. Jameson jointly conducted the services.

Interment was at Dreamland cemetery, with Griggs-Thompson funeral home in charge.

## Dr. G. G. Ingham Receives Santa Fe Appointment

Announcement was made a few days ago of the appointment of Dr. Geo. G. Ingham as oral surgeon over three divisions of the Santa Fe railway.

Dr. Ingham is the son of Dr. S. L. Ingham of Canyon and received his early education at this place. It is with pleasure that his many friends here received the announcement of his appointment to the position.

## STORK SPECIAL

Born to Mr. and Mrs. T. S. Furlow, a girl, February 22.

Born to Mr. and Mrs. Jim Cheyne, Monday, Feb. 25, a daughter. They have named her Patsy Eyvonne.

Born to Mr. and Mrs. Felix Pierce, a daughter, Feb. 8. The baby has been named Fannie Alice.

The Happy Eastern Star has invited the Canyon Eastern Star to attend a meeting there tonight. Eighteen members from here plan to attend.

## Elected Secretary

**MRS. GERALDINE GREEN**  
Mrs. Geraldine Green, dean of women at the college has been elected secretary of the National Association of Deans of Women, a department of the National Education Association.

Mrs. Green has been in Atlantic City, New Jersey the past week, attending the meetings of the N. E. A. She appeared in the program of the department which has just elected her secretary.

Having left Atlantic City Tuesday, Mrs. Green expects to be back in her office next Saturday.

## Duflot Discusses Juvenile Problem With Rotarians

J. L. Duflot was speaker at one of the most interesting Rotary meetings of the year, at the club's weekly luncheon Tuesday. He used as his subject, "Four Negative Factors Leading to Juvenile Delinquency."

In discussing juvenile delinquency the speaker stated that there was a very urgent need of directors of recreational directors among the police systems of the larger cities in order to eliminate the delinquency among children.

Examples were read by Mr. Duflot showing the influence of gang elements upon the lawlessness of the land.

Visitors present were: Mrs. Myers and Miss Robinson both of Amarillo. Visiting Rotarians present were Geo. T. Maggard, Wales H. Madden, Ross Hatcher, Alan Early, A. J. Harris, C. R. McAfee, Gaines Whittitt, A. W. Caldwell, Bill Matthews, J. Lee Burke, Emil P. Myers, and E. W. Little.

## M. W. Hess Asks Re-Election Office Co. Commissioner

I wish to announce to the voters of Precinct No. 2 that I am a candidate for re-election to the office of County Commissioner, subject to the action of the Democratic Primary in July.

I have served you to the best of my ability for over three years, and my hope is that those three years in office will speak for themselves.

I am asking your support and your vote as both will be highly appreciated.

M. W. HESS.

## Complete Farm Census Asked for Randall County

The Census Bureau through the Extension Department of Agriculture is at this time sending out sample copies of the questionnaire which the census enumerator will fill out when he visits the farms throughout the United States this year.

These are sent to the various county agents for distribution among the farmers of their counties. The purpose in sending out these copies is to enable the farmers to acquaint themselves with the questions they will be asked to answer when the official enumerator calls.

Farmers who care to obtain copies of the questionnaire may obtain them by calling at County Agent W. H. Upchurch's office. Mr. Upchurch states that there never has been a complete farm census taken of the county and he is very desirous of getting a complete one this year in order that the county will stand out more on its agriculture products.

A. B. Duncan and Harry Faulkner were in Amarillo attending to business yesterday afternoon.

C. N. Harrison was in Lubbock yesterday attending to business.

## PLAY DAY AT COLLEGE IS TO BE MARCH 29

FIRST OF ITS KIND EVER TO BE HELD IN PANHANDLE

Girls From High Schools Over the Entire Panhandle Will Be Invited Here.

The department of Physical Education for Women of the West Texas State Teachers College is sponsoring a Play Day for high school girls of the Panhandle.

The date set for this meet is March 29. The meet will be conducted by the Women's Athletic Association of the College, under the general direction of Miss Ruth Cross and Miss Rubie Barksdale.

Invitations have been extended to the girls of every high school within easy driving distance of Canyon.

Miss Cross explained that this is not an athletic meet. It is a Play Day for high school girls of every size and degree of athletic development. The competition will not be between schools but between groups made up of girls from all the schools participating.

A girl may enter as many contests as she chooses except that the sponsors will see that no girl plays too hard or too long.

The day will begin at 9:30 and will close at 4:30, so that the girls need not be away from home over night.

Activities will include volleyball, basketball, play ground baseball, swimming, croquet, nine pins and races.

A Play Day organized as this one will be a new event in the Panhandle. Miss Cross and Miss Barksdale hope that the meet held this year will be the first of many more to come, and that it will serve to develop in high school girls some wholesome athletic interests which can be continued after their school and college careers are finished.

## County Executive Committee Fills Places on Monday

The Randall County Democratic Executive Committee met in a called session Monday for the purpose of filling vacancies and to name the election judges for the primaries to be held in July and August.

No mention was made at the meeting of the probability of leaving any names off the primary ballots in accordance with the precedent set by the State Executive Committee.

The following are members of the county executive committee:

A. M. Smith, chairman.  
No. 1—A. H. Prichard.  
No. 2—Tom Hileman.  
No. 3—D. S. Hill.  
No. 4—E. N. Zachery.  
No. 5—Glen Costley.  
No. 6—James E. Park.  
No. 7—George Mason.  
No. 8—Louie Weick.  
No. 9—H. C. Holland.  
No. 10—Newt Reeves.  
No. 11—R. O. Allison.  
No. 12—J. F. Love.  
No. 13—Fred Marshall.

The following were appointed to hold the primary elections:

No. 1—A. H. Prichard.  
No. 2—Jim Leavitt.  
No. 3—D. S. Hill.  
No. 4—E. N. Zachery.  
No. 5—Glen Costley.  
No. 6—James E. Park.  
No. 7—George Mason.  
No. 8—Will P. Jensen.  
No. 9—H. C. Holland.  
No. 11—L. A. Donnell.  
No. 12—J. F. Love.  
No. 13—Fred Marshall.

## New Faces Among City Officials Are Very Likely

The election of city officials will not be held until the first of April, but suggestions are now being made as to the probable candidates for the commission.

It was stated yesterday that T. C. Thompson and J. J. Walker had decided not to stand for re-election as members of the commission. Mayor R. A. Bellah is being urged to stay in office for the second term, and may consent to do so. To run with him the names of Dr. R. P. Jarrett and Grady Oldham are being urged by a number of citizens. It was thought yesterday that these three names will be filed this week with the city clerk for a place on the city election ticket.

Farming pays in Randall county.

## TRADES DAY BRINGS CROWD TO CANYON

INTEREST RAN TO HIGH POINT IN CONTESTS.

Entertainment Committee Provided Ample Amusement for Those Who Were in Town.

Despite unfavorable weather Monday the first monthly Trades Day of the year was attended by a good sized crowd. Interest ran high in the various contests staged by the entertainment committee. The committee was highly praised for its initiative in arranging the program.

In the Turkey Walking contest, Rev. McKinney, first; G. A. Reynolds, second, and T. A. Dowlen, third. Winners in the Rolling Pin throwing contest were: Mrs. E. E. Owens, first; Mrs. Fred Marshall, second, and Mrs. Bob Stratton, third. The driving contest was open to women only and the contestants were required to drive a car backwards through two rows of bricks. In this contest the winners were: Mrs. Ed Phillips, first; Mrs. George Johnston, second, and Mrs. Cleveland Baker, third. The cracker eating contest drew the largest number of entrants of any contest held during the afternoon.

Leonard Brasud emerged with first prize followed by G. A. Reynolds and Johnnie Wilson as second and third places respectively.

A contest that evidently created the greatest amount of interest during the afternoon was the one for Old Fiddlers. Competition in the contest reached a high point and the large crowd that filled the district court room greatly enjoyed the music furnished by the fiddlers. Winners were: E. A. Rusk, first; Bob Hutchinson, second and Elzie Price, third.

It is tentatively planned to make the fiddling contest a regular feature of the Trades Day according to statements from members of the Chamber of Commerce.

The committee in charge of the program for Monday was composed of Carl Laughery, M. S. Bishir, and L. N. George.

## Planting Seed Selling Fast, Says Upchurch

W. H. Upchurch, who has charge of distributing the purebred seed purchased by the Canyon Chamber of Commerce and sold to the farmers of Randall county at cost, states that the demand for the varieties of seed in stock is rapidly reducing the amount on hand.

The varieties of seed purchased were: maize, kaffir, hegari and red top sorghum. Mr. Upchurch says that the seeds now on hand will in all probability be all that will be purchased and those farmers who want to obtain the purebred seed for planting should buy them now.

It was thought that no red top sorghum would be purchased this year as none could be easily located when purchase of the other varieties was made. However, it was later learned that a good quantity of red top seed was available at another point so these were purchased.

This is the second year that the Chamber of Commerce has been responsible for the purchase of purebred planting seed and selling them to the farmers of the county at the actual cost of getting the seeds and handling them.

Visible results of the planting of purebred seed last year were astounding. The increased dividends proved that purebred seed made more profit per acre in comparison with other seed.

## Mark Foster Opens Bakery Here Recently

Mark's Bakery which has been operated by Mark Foster in Happy for the past year has been moved to Canyon and opened for business a few days ago.

Before going to Happy Mr. Foster was employed by the Canyon Steam Bakery.

CLARENDON EDITOR MARRIES

Announcements have been received here of the marriage of Sam M. Braswell, editor of the Clarendon News, and Mrs. Eudora Spencer Blackburn of Granville, Ohio, on Saturday, Feb. 22.

Rev. and Mrs. J. H. Braswell of this city are the parents of the groom, who is well known in Canyon.

The best wishes of many friends over the Panhandle go to the bride and groom.

Leslie Summitt of Tulsa spent Sunday visiting with friends here.

## G. G. Foster Is Candidate Office of County Judge

To the Voters of Randall County, I wish to announce my candidacy for the office of County Judge. I have been a resident of this county for the past thirty years, and I feel that I am well acquainted with the needs of the county, and qualified to perform the duties devolved upon your County Judge.

I have always taken an active interest in public schools in this county and was a school teacher for fourteen years. If I am elected as Judge I will devote as much time as possible to schools in this county over which that office gives jurisdiction.

If elected to the office for which I ask, I will give my undivided time to discharging its duties, with the best interests of the county always in mind. I will try to see each voter in the county personally before the election, but if I fail to see you, I ask your consideration and solicit your vote.

G. G. FOSTER.

## Pecan and Grape Tests Will Be Made at T-Anchor

Instead of a round-up, plans are being made this year at the old T-Anchor Ranch headquarters for several orchard tests which will be interesting and profitable not only to the Teachers College farm but to settlers all over this territory.

Mr. T. M. Moore, who has charge of the farm, states that a pecan variety test is being started with Burkett, Schley, Texas Prolific, Halbert and Mahan pecan trees. The trees will be planted in the same soil, will be cultivated by the same method, and it is hoped that it will be discovered what variety, if any, is particularly adapted to Panhandle conditions. Most of the trees for the tests were donated. The Mahan trees came from Monticello, Florida.

A second test is a grape variety test through the efforts of W. H. Upchurch, county agent of Randall county. Forty-two varieties were secured from the Woodward Federal Field Station. These will be tested in the same way that the pecans are tested.

Several thousand currant plants are being set out and those fruits which are most certain to bear in this region will make up the orchard. The orchard will largely be currants, cherries, plums, and grapes.

A dozen two and three year old grape vines of Concord and white varieties are being planted, aside from the varieties tested.

Twelve Chinese elm trees have been secured and will be set out close to the houses on the T-Anchor property.

## Only Four Cows in 1,000 Tested Infected With T.B.

The campaign of testing of the dairy cows in this county for which T. B. has been conducted by the Randall County Dairymen's Association is proving its worth in eliminating the disease among the dairy cows.

During the first week of the test 1,000 cows were tested. Out of the entire lot of the cows four were found to be infected with T. B. All of the four cows were in herds that were not tested last year. Out of 800 cows tested a year ago eight were found to be diseased which is one percent as compared to less than one-half of one percent this year. The herds tested last year and again this year were found to be free from the disease.

Of the herds serving retail routes in Canyon that were tested were found to be free from diseased cows. However, it is said that approximately 100 cows in and around Canyon were not included in the test.

## BUILDING PERMITS

Building permits issued this week at the city secretary's office totaled \$5,500.00.

Permits were issued to The Texas State Highway Department for the erection of a corrugated iron warehouse located at 8th Avenue and 23rd Street at a cost of \$1500, and Lillian J. Atkins for the erection of a residence on 3rd avenue at a cost of \$4,000.

## CAR DELIVERIES

L. B. Roberts, Used Ford Pickup.

Jack Burgan, New Chevrolet Sport Coupe.

Dale Bodkins, Used Chevrolet Coupe.

## FINAL PAPERS ON STOCK PEN ARE RECEIVED

TRANSFER OF PAPERS WILL TAKE PLACE MONDAY

Attempt to Open Up New Residential Addition Is Successful; Work of Commerce Body.

The officials of the Santa Fe have signed and returned the final papers on the removal of the stock pens and opening the way for immediate action of building up the College Park Addition to Canyon.

The papers are now in the Amarillo office of the Santa Fe, according to advices sent to W. A. Warren, president of the Chamber of Commerce, who has been the guiding force in making way for the opening of the new residential addition.

Much delay has been encountered in connection with the removal of the pens since active work on their removal was begun by the Chamber of Commerce early last fall. It looked for a time that the delays would cause this attempt to remove the stock pens to be unsuccessful, thus bringing the attempt to the same end as other attempts at former times.

Since the establishment of the College here a number of attempts have been made to place the stock pens elsewhere and thus clear the way for the opening of an ideal residential section to Canyon.

The Conner heirs, who automatically became owners of the property upon the release of the Santa Fe's claim to it, relinquished their rights to the property several months ago. The original deed to the property given the Santa Fe by L. G. Conner stated that should the railway company ever cease to use the property it would revert to his heirs.

The exchange of the papers will take place Monday when Gilvin and Brymer, Amarillo realtors, will take over the property to develop the new addition.

The deal would have already been closed but the men have been away from Amarillo since the papers arrived. March 1, was named as the last day of the time allotted to clear up the removal of the pens. However, the realtors stated before they left Amarillo several days ago that they would carry out the contract to open up the addition in case the papers did not arrive back in Amarillo until a few days after March 1. They will not be back in Amarillo before Sunday, therefore the papers cannot be signed until Monday.

It is expected that little time will be lost in beginning development of the addition.

## Club Women Plan For District Meeting

Plans are now being made for the meeting of the Seventh District of Texas Federation of Women's Clubs, which will be held in Pampa on April 23, 24, and 25.

Forty-nine counties in the Panhandle comprise the Seventh District, which is by far the largest in Texas. At this time eight counties in the district do not have representation in the federation.

Canyon women who are officers of the organization are: Mrs. J. A. Hill, chairman of the Department of the American Home, and Mrs. T. V. Reeves, chairman of the Department of Public Welfare.

## County Exhibit Will Be Displayed at Stock Show

County Agent W. H. Upchurch will enter a display of Randall county farm products in the Fat Stock Show which opens in Fort Worth on March 7.

The Randall County exhibit won first place at the Tri-State fair at Amarillo last September. It was not entered in the State Fair of Texas, but was pooled with the Panhandle-Plains, Inc. and exhibited in that manner.

While the Fat Stock show is in progress Mr. Upchurch together with a committee of the State Exhibitors Association will meet with the Superintendent of the Agriculture Department of the State fair in arranging for exhibit rules for the exhibition of farm products at the State Fair in the fall. The rules set down by the state fair are usually followed by all leading fairs in the south, Mr. Upchurch states.

Mrs. W. D. Pike spent several days during the past week visiting with her mother and attending a Methodist Church meeting in Lubbock.

 TEXAS PRESS  
 ASSOCIATION

**THE FIFTH CALLED SESSION**  
 By Clyde W. Warwick, Representative 123rd District.

The Fifth Called Session of the 41st Legislature went into action last Wednesday, but stopped almost as soon as it started, owing to the lack of a quorum in the House. The Senate immediately adjourned until the first of this week, owing to the fact that the House had on hand the impeachment charges against Comptroller H. S. Terrell. This trial was the main reason for calling the session, although the Governor included in the call, taxation and the location of the penitentiary system.

The difficulty in obtaining a quorum again reveals the fact, which has been self-evident for a long time, that the House is entirely too large, and the number of members should be reduced. There are 150 members in the House. It takes 100 to make a quorum. During the entire life of the 41st Legislature there has been a bare quorum present, and the average roll call amounts to only about 105. This means that fully 22 per cent of the members of the house are away from Austin all of the time. It is usually about the same members who are absent. One member has never come to Austin during the regular and the four called sessions. One member has not been present since the third week of the regular session. One member is said to have not attended a dozen days during the entire sessions of the 41st Legislature. Others are away more or less all of the time.

The West Texas members stay in Austin most of the time, as this section is so far away that the members cannot make the trip home unless in case of extreme necessity. The writer missed only two half days during the regular session, being laid up with a cold. During the First, Second and Third called sessions he did not miss a day. He was glad to be able to secure an excuse from the Speaker for a few days at the end of the Fourth and the beginning of the Fifth Called sessions in order to look after very urgent business. Every West Texas member has an equally good record of attendance.

The 41st Legislature has broken all records for the number of days to be in session. No other legislature has gone into a Fifth Called Session. It is charged that the 41st Legislature has loaded on the job to a great extent. Maybe that is true, but legislation cannot, and

should not be rushed. The difference of a legislature of today and twenty years ago, or even ten years ago, is the difference between the problems of today and those of ten or twenty years ago. Time was when the only thing the legislature had to fight about was liquor and railroads. Both of these questions have been settled, but a multitude of problems have taken their place. The time is not far away when Texas will be forced to have longer sessions of the Legislature, and pay the members better, in order to accomplish all of the business which comes before the state.

The members are weary on account of the great amount of time which the 41st Legislature has caused them to be away from home, and away from their businesses. They see no hope for the Governor to win his fight to remove the penitentiary system to a location near Austin, although the Governor is spending a lot of time in appealing to the people of the state over the radio in hope that the voters will influence the members of the Legislature to vote for the executive's plan. Owing to the fact that the Governor lost so heavily in the last called session for a new location for the system, it is very doubtful whether there will be a change of heart in such a short time sufficient to put over the Moody plan.

A deluge of tax measures has been introduced in the House owing to the insistent demand of the Governor for more money before additional appropriations will be submitted to the law makers. In such a time, someone is liable to get hurt. Snap judgment may result in passing bad measures just for the sake of getting some more money. It is stated that the state is facing a two million dollar deficit, owing to the fact that the Governor insisted that the tax rate be kept low.

Heads of state institutions do not know how they are going to run their plants for the coming two years owing to the veto of the Governor on the regular appropriations bill.

It is a bad situation, and one which may get worse before it gets better.

The result of the Terrell impeachment trial is certain to be of lasting good to Texas. The state capitol is infested with inefficiency. Departments refuse to co-operate with other departments. No one is in charge of that fine capitol building, and every department seeks to grab and hold all of the space it can without regard to any other department.

Perhaps the lack of system is more to blame than anything else. If there has been misappropriation, those guilty should be punished. If the system is old and out of date, there should be a change so that state officials in the future should not be charged as Mr. Terrell has been charged. Terrell resigned, but this does not prove his guilt. All hope that he may yet straighten out his affairs with the state in order to avoid criminal prosecution.

With the first week of the Fifth

Called Session at an end, it looks like the gulf between the Governor and the Legislature has widened, and that there is little chance of any constructive legislation being passed.

In the meanwhile, the taxpayer continues to foot the bill.

**WHAT THE SAINTS WILL MISS**  
 The late Sir Herbert Beerbohm Tree, the famous actor-manager, was once passing into Gloucester Cathedral to attend a festival. He heard a man arguing excitedly with a steward, who refused to let him enter without his ticket, which he declared he had lost. Losing his temper, the disappointed one demanded rhetorically, "Do you think tickets will be required to enter Heaven?"

"Possibly not, sir," was the reply, but Madame — will not be singing there."

#### YOUR EYES AND YOUR BRAIN

This is one of the greatest tragedies of modern life: Men are forgetting how to walk.

They travel by taxicabs and by street cars; they travel by automobile; they project their personalities over the telephone wire.

But they do not walk.

There is a double loss in this.

A loss in health, first. Most of the diseases of modern man originate in the intestines. Formerly, men and women walked enough to keep the stomach muscles firm, the intestines healthfully agitated.

Now men—and women even more so—sit all day slumped in.

Germes settle down inside them gladly; and Death, his work made easy for him, laughs.

There is another loss, equally great. A loss in mental keenness and mental wealth.

Did you ever take a walk in the country with someone who knows heally how to walk?

Someone of the type of the naturalist Linnaeus, for example?

Linnaeus walked into Oland and found the lands of the farmers ruined by sand blown from the beaches.

He discovered that the roots of a certain beach grass were long and firm; he taught the farmers to sow that grass along the beaches, and so preserved their lands from ruin. He walked into Thorne, and he

found that at a certain period in every year the cattle fell sick and died.

It was a curse, the people said—the act of angry spirits.

But Linnaeus, examining the pastures, uncovered a noxious weed and showed the farmers how the work of one laborer for a few days every season would root it out.

In his walks he examined and catalogued 8,000 plants, vegetables, and flowers.

How many plants, vegetables, and flowers do you think you could identify if you were to see them in their native state?

"Few men," said Dr. Johnson, "know how to walk."

But those favored few enjoy a glorious and mysterious privilege.

To discover where the violets first bloom in the spring—

To be able to tell directions in the woods, by knowing that large pine trees bear more numerous branches on their southern side—

Or that grass grows on the south side of ant-hills and whortle-berries on the north—

There are few pleasures more richly satisfying; none that pay larger dividends in health.

The man who goes into the country once a week is a better citizen than the man who never goes, even though his eyes see nothing more inspiring on his walk

than a golf ball.

Flabby legs usually mean flabby brains.

If you would think clearly, speak forcefully, work effectively, get out into the country when you can—and walk.

#### POWER OF THE COUNTRY

According to Ayer's Newspaper Directory, there are some 13,000 smaller city dailies and country weekly newspapers in the United States, outnumbering all other newspapers published. These are read by the great majority of home-owning, tax-paying American families. These newspapers are nearly all owned individually by the country editors and publishers and are read by the great middle class of people comprising our workers and thinkers from which our most successful national leaders are picked.

Like the painters and artists, the poets and musicians, the country editors of our country are mostly individualists. They do not live in the skyscrapers of the big cities, but constitute the great body political of our country and voice the consciousness of the nation—that means American conservatism, family life and business stability. They are stronger than Wall street, more powerful than congress or the senate, and their voice is heard in the International Naval Conference and the Court of the World.

"When I'm big, mamma, I'm going to marry a doctor or a minister."

"Why, my dear?"

"Cause if I marry a doctor I can get well for nothing, and if I marry a minister I can be good for nothing."

## Are You expecting a Baby?

**THOUSANDS** of expectant mothers are now cheerful and happy. Their waiting months have been made comfortable and they will be better prepared when the great moment of childbirth arrives. This has also been true of countless thousands of expectant mothers for over 60 years who have used "Mother's Friend," that time-tested, scientifically prepared skin lubricant and pain-reliever which originated in the prescription of an eminent obstetrician.

You, too, may enjoy the comfort "Mother's Friend" gives. It is so soothing and relaxing! Brings relief promptly. Very valuable in keeping the breasts in good condition. Also puts you in fine shape for the approaching ordeal.

"Mother's Friend" is on sale at all drug stores. \$1.25 per bottle. Try a massage with it tonight and notice the ease and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address: Bradfield Regulator Co., Dept. 12, Atlanta, Ga.

THE FIFTH CALLED SESSION  
By Clyde W. Warwick, Representative  
123rd District.

The Fifth Called Session of the 41st Legislature went into action last Wednesday, but stopped almost as soon as it started, owing to the lack of a quorum in the House. The Senate immediately adjourned until the first of this week, owing to the fact that the House had on hand the impeachment charges against Comptroller H. S. Terrell. This trial was the main reason for calling the session, although the Governor included in the call, taxation and the location of the penitentiary system.

The difficulty in obtaining a quorum again reveals the fact, which has been self-evident for a long time, that the House is entirely too large, and the number of members should be reduced. There are 150 members in the House. It takes 100 to make a quorum. During the entire life of the 41st Legislature there has been a bare quorum present, and the average roll call amounts to only about 105. This means that fully 22 per cent of the members of the house are away from Austin all of the time. It is usually about the same members who are absent. One member has never come to Austin during the regular and the four called sessions. One member has not been present since the third week of the regular session. One member is said to have not attended a dozen days during the entire sessions of the 41st Legislature. Others are away more or less all of the time.

The West Texas members stay in Austin most of the time, as this section is so far away that the members cannot make the trip home unless in case of extreme necessity. The writer missed only two half days during the regular session, being laid up with a cold. During the First, Second and Third called sessions he did not miss a day. He was glad to be able to secure an excuse from the Speaker for a few days at the end of the Fourth and the beginning of the Fifth Called sessions in order to look after very urgent business. Every West Texas member has an equally good record of attendance.

The 41st Legislature has broken all records for the number of days to be in session. No other legislature has gone into a Fifth Called Session. It is charged that the 41st Legislature has loaded on the job to a great extent. Maybe that is true, but legislation cannot, and

should not be rushed. The difference of a legislature of today and twenty years ago, or even ten years ago, is the difference between the problems of today and those of ten or twenty years ago. Time was when the only thing the legislature had to fight about was liquor and railroads. Both of these questions have been settled, but a multitude of problems have taken their place. The time is not far away when Texas will be forced to have longer sessions of the Legislature, and pay the members better, in order to accomplish all of the business which comes before the state.

The members are weary on account of the great amount of time which the 41st Legislature has caused them to be away from home, and away from their businesses. They see no hope for the Governor to win his fight to remove the penitentiary system to a location near Austin, although the Governor is spending a lot of time in appealing to the people of the state over the radio in hope that the voters will influence the members of the Legislature to vote for the executive's plan. Owing to the fact that the Governor lost so heavily in the last called session for a new location for the system, it is very doubtful whether there will be a change of heart in such a short time sufficient to put over the Moody plan.

A deluge of tax measures has been introduced in the House owing to the insistent demand of the Governor for more money before additional appropriations will be submitted to the law makers. In such a time, someone is liable to get hurt. Snap judgment may result in passing bad measures just for the sake of getting some more money. It is stated that the state is facing a two million dollar deficit, owing to the fact that the Governor insisted that the tax rate be kept low.

Heads of state institutions do not know how they are going to run their plants for the coming two years owing to the veto of the Governor on the regular appropriations bill.

It is a bad situation, and one which may get worse before it gets better.

The result of the Terrell impeachment trial is certain to be of lasting good to Texas. The state capital is infested with inefficiency. Departments refuse to co-operate with other departments. No one is in charge of that fine capitol building, and every department seeks to grab and hold all of the space it can without regard to any other department.

Perhaps the lack of system is more to blame than anything else. If there has been misappropriation, those guilty should be punished. If the system is old and out of date, there should be a change so that state officials in the future should not be charged as Mr. Terrell has been charged. Terrell resigned, but this does not prove his guilt. All hope that he may yet straighten out his affairs with the state in order to avoid criminal prosecution.

With the first week of the Fifth

Called Session at an end, it looks like the gulf between the Governor and the Legislature has widened, and that there is little chance of any constructive legislation being passed.

In the meanwhile, the taxpayer continues to foot the bill.

## WHAT THE SAINTS WILL MISS

The late Sir Herbert Beerbohm Tree, the famous actor-manager, was once passing into Gloucester Cathedral to attend a festival. He heard a man arguing excitedly with a steward, who refused to let him enter without his ticket, which he declared he had lost. Losing his temper, the disappointed one demanded rhetorically, "Do you think tickets will be required to enter Heaven?"

"Possibly not, sir," was the reply, but Madame — will not be singing there."

## YOUR EYES AND YOUR BRAIN

This is one of the greatest tragedies of modern life: Men are forgetting how to walk.

They travel by taxicabs and by street cars; they travel by automobile; they project their personalities over the telephone wire.

But they do not walk.

There is a double loss in this.

A loss in health, first. Most of the diseases of modern man originate in the intestines. Formerly, men and women walked enough to keep the stomach muscles firm, the intestines healthfully agitated.

Now men—and women even more so—sit all day slumped in.

Germans settle down inside them gladly; and Death, his work made easy for him, laughs.

There is another loss, equally great. A loss in mental keenness and mental wealth.

Did you ever take a walk in the country with someone who knows heally how to walk?

Someone of the type of the naturalist Linnaeus, for example?

Linnaeus walked into Oland and found the lands of the farmers ruined by sand blown from the beaches.

He discovered that the roots of a certain beach grass were long and firm; he taught the farmers to sow that grass along the beaches, and so preserved their lands from ruin.

He walked into Thorne, and he found that at a certain period in every year the cattle fell sick and died.

It was a curse, the people said—the act of angry spirits.

But Linnaeus, examining the pastures, uncovered a noxious weed and showed the farmers how the work of one laborer for a few days every season would root it out.

In his walks he examined and catalogued 8,000 plants, vegetables, and flowers.

How many plants, vegetables, and flowers do you think you could identify if you were to see them in their native state?

"Few men," said Dr. Johnson, "know how to walk."

But those favored few enjoy a glorious and mysterious privilege.

To discover where the violets first bloom in the spring—

To be able to tell directions in the woods, by knowing that large pine trees bear more numerous branches on their southern side—

Or that grass grows on the south side of ant-hills and whortle-berries on the north—

There are few pleasures more richly satisfying; none that pay larger dividends in health.

The man who goes into the country once a week is a better citizen than the man who never goes, even though his eyes see nothing more inspiring on his walk

than a golf ball.

Flabby legs usually mean flabby brains.

If you would think clearly, speak forcefully, work effectively, get out into the country when you can—and walk.

When I'm big, mamma, I'm going to marry a doctor or a minister."

"Why, my dear?"

"Cause if I marry a doctor I can get well for nothing, and if I marry a minister I can be good for nothing."

## POWER OF THE COUNTRY

According to Ayer's Newspaper Directory, there are some 13,000 smaller city dailies and country weekly newspapers in the United States, outnumbering all other newspapers published. These are read by the great majority of home-owning, tax-paying American families. These newspapers are nearly all owned individually by the country editors and publishers and are read by the great middle class of people comprising our workers and thinkers from which our most successful national leaders are picked.

Like the painters and artists, the poets and musicians, the country editors of our country are mostly individualists. They do not live in the skyscrapers of the big cities, but constitute the great body political of our country and voice the consciousness of the nation—that means American conservatism, family life and business stability. They are stronger than Wall Street, more powerful than congress or the senate, and their voice is heard in the International Naval Conference and the Court of the World.

## Are You expecting a Baby?

THOUSANDS of expectant mothers are now cheerful and happy. Their waiting months have been made comfortable and they will be better prepared when the great moment of childbirth arrives. This has also been true of countless thousands of expectant mothers for over 60 years who have used "Mother's Friend," that time-tested, scientifically-prepared skin lubricant and pain-reliever which originated in the prescription of an eminent obstetrician.

You, too, may enjoy the comfort "Mother's Friend" gives. It is so soothing and relaxing! Brings relief promptly. Very valuable in keeping the breasts in good condition. Also puts you in fine shape for the approaching ordeal.

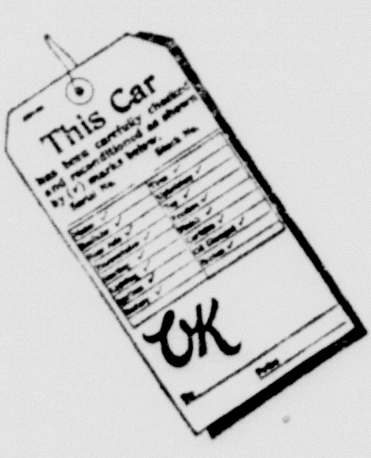

"Mother's Friend" is on sale at all drug stores. \$1.25 per bottle. Try a massage with it tonight and notice the ease and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address: Brandel Regulator Co., Dept. 12, Atlanta, Ga.

## TEXAS HISTORY IS GIVEN IN PLAY THURSDAY P. M.

"THE RESCUE OF CYNTHIA ANN," BY J. W. ROGERS, FEATURES CAPTURE OF WHITE CHILD.

"The Rescue of Cynthia Ann" is to be given as one of the feature Children's Theater programs Thursday afternoon at 3:30 o'clock. The play is a drama of the Texas frontier in one act. It is written by John William Rogers, author of the famous play, "Judge Lynch," which has been given here.

The play is quite new, just off the press, and it is now being included in the fifth series of a collection of one-act plays called "Stage and Study."

"The Rescue of Cynthia Ann" is a true story taken from Texas history. Cynthia Ann Parker was captured by the Comanche Indians in a massacre, when she was nine years old. From time to time, reports came that trappers had seen her with the Indians; but all attempts to rescue her were futile until she was grown and had become the squaw of an Indian chief, Peta Nocona. She was the mother of three Indian children. At the time of her rescue her husband was killed.

After she was rescued, she was never happy, as the Indian life had so thoroughly become her life. Her son, Quannah Parker, became chief of the Comanches. It is for him that Quannah, Texas, is named. Col. Isaac Parker, Cynthia Ann's uncle, was related to Mrs. John Fry of Canyon.

The cast for the play is:  
Cynthia Ann... Thelma Cook  
Miss Sally Hankins, Texann Kesler  
Mrs. Pettus... Minerva Bookout  
Captain Evans... Gordon Thompson  
Col. Isaac Parker... B. M. Keese  
Mrs. Evans... Anna Throckmorton  
Millie Pettus... a small child

## Variety of Books Received By Club On Peace Topics

Relations between Latin America and the United States was the topic studied by members of the International Relations Club at their regular meeting last Tuesday night at the home of Mr. S. H. Condon, club sponsor. Several visitors were present for the evening's discussion.

The following books have been received recently from the Carnegie Endowment for International Peace: Brierly "The Law of Nations"; Jessup, "The United States and the World Court"; Read, "International Law and International Relations"; Kitazawa, "The Government of Japan"; Stratton, "Social Psychology of International Conduct"; Armstrong, "Where the East Begins"; Blakeslee, "The Pacific Area"; Matsushita, "Japan and the League of Nations." These books will soon be available to all who wish to use them, and will be found on the International Relations Club shelves in the main library.

## Coach Reeds Talks On Athletics as School Activity

"Athletics as an Extra Curricular Activity," was the subject of Coach Claude Reeds' lecture in senior conference last Tuesday afternoon.

A short history of athletics was given, then the real values were discussed. Coach Reeds admitted that once in a great while an athlete was seriously injured, but these incidents are few and far between, he stated, and the benefits and advantages greatly outnumber them. The value of organized playground work was also discussed as a factor in the making of an athlete.

## TEXAS EXES ARE TO MEET IN CANYON

Dr. J. W. Calhoun to Deliver Principal Address at Joint Affair.

Final plans for the annual banquet and get-together meeting of the Texas Exes Club, to be held in Cousins hall Saturday night, March 1, are being made by the entertainment committee.

The Texas Exes Club is an organization composed of ex-students of the University of Texas.

The principal speaker for the occasion will be Dr. J. W. Calhoun of the university. Dr. Calhoun has been connected with this institution for more than thirty years, and has won an enviable record as a humorist. He modestly confessed recently that he never takes jokes from current magazines, but gets them instead out of almanacs published prior to 1890.

Dr. Calhoun is well versed in campus problems and is expected to prove highly entertaining during his appearance on the program.

President J. A. Hill and Dr. Calhoun were freshmen together at the University of Texas.

Texas University ex-students from all sections are expected to attend the annual "Do You Remember When" meeting. Amarillo Exes are urged to make reservations with Dr. A. F. Lumpkin, not later than Wednesday, February 26.

Following is the program:

Toastmaster, Mr. W. L. Vaughn.

Yell leader, Mr. Jeff Neely.

Song leader, Mrs. Tommie Montfort.

Planist, Miss Cleo D. Holmes.

## Aggies On Top in Intramural Match; Finals To Be Soon

The Intramural Basketball Tournament was well under way this week, and the final games are to be brought to a close next week. There will be a small fee of twenty-five cents charged for the semi-final and final games, to defray the expenses for the sweaters which will be given to the winners.

There were many upsets in last week's contest; the Faculty nosed out the Redmen in a hard-fought game, 22-19, thus leaving the Aggies on top, who have not been defeated; the Cousins marked up another game by beating the Nobles, 23-19; the Aggies stomped the Antlers in a one-sided contest, 27-8; the Faculty had tough luck when they were defeated by the Calves, 23-21; the Cousins went down in defeat when they tangled in with the Calves; the score was a see-saw affair, but the fast quintet of the Calves looped in the last basket, making the score 19-17; the Calves had better luck when they swamped the Gym. Class, 33-22.

Many upsets are predicted for the next week's contests.

Ragnvald Fowler spent the past week end visiting in Lockney with relatives.

## To Identify Genuine Aspirin

The increasing use of Bayer Aspirin every year is proof that it has no ill effects. It is the accepted antidote for pain. It always helps; never harms; is safe to use freely as often as it is needed. Quick relief whenever you've a headache, or cold; or are suffering from neuralgia or neuritis. The distressing pains of rheumatism yield, too, if you'll only give these tablets a chance. But be sure to get genuine Aspirin. It has the Bayer Cross on every tablet. Look for the name Bayer on the box, and the word "genuine" printed in red. Proven directions inside.

## Konjola Frees Business Woman of Seven Ills

Well Known Lady Enthusiastic Over Results Obtained by New Medicine.

MRS. MOLLIE F. VINSON

"I cannot begin to express my gratitude for Konjola," said Mrs. Mollie F. Vinson, well-known apartment house proprietor, 432A, East Broadway, East St. Louis. "When I began taking this great medicine I was practically a helpless invalid suffering from rheumatism, neuritis, Stomach and kidney troubles. My fingers and hands and the joints in my ankles and feet were frightfully swollen and painful. My kidneys were run down and my stomach weak."

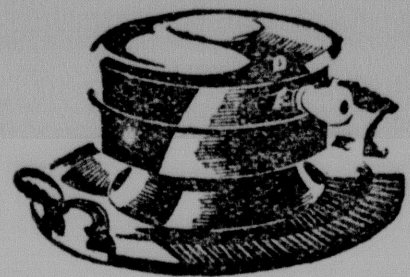

"It required but six bottles of this marvelous medicine to banish every one of my ills. Today I have no sign of the pains of neuritis or rheumatism, nor are my joints, either in hands or feet, the least bit swollen. My kidneys function as they should and I do not suffer the least discomfort after a hearty meal. My appetite is better and I am stronger, healthier and happier than I have been in many years."

Konjola is sold in Canyon at Jarrett Drug Co., and by all the best druggists in all towns throughout this entire section.

Mrs. McCaslin spent Monday visiting in Amarillo.

## No Other Tractor Ever Equalled OILPULL Fuel Economy Records

Fuel bills are usually the biggest cash item of expense in operating a tractor. This makes it extremely important to buy a tractor that will show fuel economy. The OILPULL, for the past sixteen years, has held all national fuel economy records. The official OILPULL record is less than the next lowest published record established in any public contest. Triple heat control is the reason for this remarkable fuel economy record. This is a method of kerosene burning which has been developed and perfected through nineteen years of constant work in both field and factory. This system of kerosene burning is used exclusively on Rumely OILPULL tractors.

Investigation shows that the average upkeep expense of the OILPULL beats the government average for all tractors by 50%. This means cutting maintenance expense right in half.

There is another feature regarding OILPULL economy, and it is long life.

Compared on the basis of fuel cost, upkeep expense, length of life, and other "after costs," the Super Powered Oilpull is the most economical, and the greatest tractor value on the market today.

## No Other Tractor Ever Equalled OILPULL Fuel Economy Records

Fuel bills are usually the biggest cash item of expense in operating a tractor. This makes it extremely important to buy a tractor that will show fuel economy. The OILPULL, for the past sixteen years, has held all national fuel economy records. The official OILPULL record is less than the next lowest published record established in any public contest. Triple heat control is the reason for this remarkable fuel economy record. This is a method of kerosene burning which has been developed and perfected through nineteen years of constant work in both field and factory. This system of kerosene burning is used exclusively on Rumely OILPULL tractors.

Investigation shows that the average upkeep expense of the OILPULL beats the government average for all tractors by 50%. This means cutting maintenance expense right in half.

There is another feature regarding OILPULL economy, and it is long life.

Compared on the basis of fuel cost, upkeep expense, length of life, and other "after costs," the Super Powered Oilpull is the most economical, and the greatest tractor value on the market today.

## Bufs Subdue Aggie Five By Score of 42-31

The powerful Buffaloes, champions of the T. I. A. A. downed the Aggies from Oklahoma Panhandle A. & M. Tuesday night at Buffalo Gym 42-31 before the smallest crowd of the season.

At times the game was listless and brought little interest to the spectators, however the Aggies flashed back and forth across the court to give the Buffaloes occasional scares.

On the second play of the game an Aggie player fouled and Gerald made the first counter. Immediately following the toss-up Newman dropped one in the basket from the side of the court to make the count 3-0 favoring the Bufs. It was after more than a minute's playing that the Panhandle boys came in full possession of the ball. The Aggies scored first on a free toss and tied the count in a little more than 7 minutes of play. Newman broke loose for a shot into the hoop to break the tie. After that the Buffaloes pushed forward settling down to work and taking the lead for the rest of the game. The Buffaloes were in good passing form but missed a number of goals that should have been counters.

Coach Burton made a number of substitutions, letting the second string men into action. Aided thus the Aggies, led by Brown crawled nearer and nearer the Buffalo lead. With his one arm shots Brown would fling the ball toward the basket from all parts of the court to add counters to the Aggie score. When the Aggies crawled within five points of the Buffalo lead near the end of the game, Coach Burton sent his regular five back to the floor. The game ended with the Buffaloes leading 42-31.

The present basketball season will close Saturday night when the Buffaloes meet the Cadets from New Mexico Military Institute in the last of a two game series.

### MISSIONARY PROGRAM

The program for the Methodist Missionary Society Tuesday afternoon, March 4, at three o'clock in the ladies' parlor is as follows:

Mission Study—"Roads to the City of God." Chapters 3 and 4. Devotional, Ephesians. 2—Mrs. Rogers.

The Christian Message—Mrs. Jameson.

Matthew 15, 21-28—Mrs. Orton. America and Japanese Exclusion Act—Mrs. Ash.

Relation Between Japan and Korea—Mrs. Page.

England and India—Mrs. Pierce. England and South America—Mrs. Ray McReynolds.

China and Other Nations—General Discussion.

An Indigenous Church—Mrs. Cayton.

## Old Fiddlers Will Have Contest Mar. 4 at Cow Convention

The Annual Old Fiddlers' Contest and Amateur Night, sponsored each year by the Tri-State Fair will be held in Amarillo Tuesday night, March 4th, at 8:15, as a feature entertainment for the Cattlemen's Convention.

Throwing the contest open to the world, Wilbur C. Hawk, Fair President, is encouraging entries in the fiddling event, especially from all sections of the country—as many as want to enter. Last year's contest, which was limited to county winners, drew 20 contestants, and 30 or 40 are expected this year. Entries must be in by March 1, and should be addressed to Mr. Hawk.

Winners of prizes this year will be presented with: first prize, \$75; second prize \$50, third prize \$25, fourth prize \$10, fifth prize \$7.50, sixth prize \$5.00. Mr. Hawk said. Three cash prizes will be paid for the best amateur acts, which may be singing, dancing, yodeling, or what not.

Hugh Roden, widely known old-time fiddler, and Roy Rodgers, versatile entertainer who plays 20 different instruments, will offer several vaudeville attractions, in addition to the contests. Both of these men are Brunswick and Okeh record artists.

### Zita Breezes

A great deal of enthusiasm has been expressed by the pupils of Zita school as the time approaches for the school fair and the Interscholastic league. Every pupil has something in mind to work out for the fair. Many of the pupils are preparing declamations and some are working on spelling for the league contest. Others are getting lumbered up for track events. Nothing is being overlooked on the part of the children, for all are anxious to win.

The regular meeting of the Zita P. T. A. will be held this coming Saturday night, March 1. We urge every parent and every P. T. A. member to be present at the meeting. We are always anxious to have children come, but, parents, if you just send the children and never come yourselves, I think the P. T. A. will necessarily take on an entirely new meaning. The P. T. A. is an organization which is supposed to help the teacher and the parents get acquainted with the happenings of the school. Again we insist that every member be present Saturday night in order that he or she may learn more about the Red Cross movement in this county. The nurse who has been sent by the Red Cross to Randall county to help with the health of the children will be here to talk to the community. We feel that it will be beneficial and we hope every one is here to hear it.

There will be a meeting held here Wednesday night, March 5, for the teachers of Randall county. We are insisting that every teacher be present, as plans for the Interscholastic league will be discussed. After the business is attended to, the meeting will be turned into a social.

### METHODIST CHURCH

Let everyone shake off that lazy spring fever and be in their places Sunday. "Awake, awake, and put on thy strength O Church of God. Let each of us feel our individual responsibility to the church and community.

If you can't pull, push, if you can't do that and must ride, pick up your feet, do not drag them and thus add to the load.

Good music, good services and a splendid fellowship await you at the Methodist Church.

Preaching at both morning and evening hours by the pastor.

Strangers and visitors always welcome. Subject Sunday morning, "The Preacher."

### MISS ELLISTON ENTERTAINS

On last Saturday evening Miss Agnes Elliston entertained several of her girl friends at her home. Games of bridge and radioing furnished the entertainment for a most enjoyable evening. The George Washington motif was observed in the tallies and the refreshment plate.

Do your shopping in Canyon.

## School Fair Plan Takes Shape as Exhibits Outlined

The school fair committee urges that every school take an active part in the county school fair this year. Several schools were interested last year but we hope that every school in the county will send an exhibit this year. The school fair will be held in connection with the Interscholastic league. A fee of \$1 will be charged each school entering.

1. Exhibits sent must be arranged according to grades and kinds of work.

2. Exhibits shall be judged according to grades.

3. Only one article of a kind from each grade shall be entered.

4. The exhibits from no school shall be judged until the fee is paid.

5. The following articles may be entered:

### I. ART

1. Freehand cutting (grades 1 and 2).

2. Freehand drawing.

3. Clay modeling (all grades).

4. Crayon drawing.

5. Best water color sketch.

6. Best water color sketch (free-hand).

7. Art mottoes.

8. Art booklet.

### II. WEAVING

1. Woven rug.

2. Braided rug.

3. Crocheted rug.

4. Raffia weaving.

5. Paper weaving.

6. Woven mats.

### III. WRITING

Best copy of Lincoln's Gettysburg address.

### IV. LANGUAGE

1. Best theme.

2. Best note book.

3. Booklet on industry.

4. Illustrated story.

5. Illustrated poem.

6. Best project.

### V. ARITHMETIC

1. Examination paper.

2. Booklet (grades 1 and 2).

3. Best graph in arithmetic.

4. Best graph in algebra.

### VI. GEOGRAPHY

1. Relief map.

2. Political map.

3. Product map.

4. Industry map.

5. Map of school.

6. Map of county.

7. Map of Texas.

8. Booklet.

9. Best project.

10. Industrial booklet.

### VII. HISTORY

## Buffaloes Need Your Support at Last Games

The basketball games played at Buffalo Gym Friday and Saturday nights will conclude the 1930 basketball season for the local college team. The curtain will be rung down upon the end of another successful year of basketball for the West Texas Buffaloes.

Only four games have been lost during the entire season so far out of twenty-two played. Three of these have been lost at home and one away from home. Only one of these games lost here was a conference game. Yet, despite the loss the Buffs have brought to West Texas State Teachers College for the fourth time since 1924, the T. I. A. A. conference championship.

During the nine seasons that Sam Burton has been piloting the destinies of the Buffalo basketball teams he has produced teams that have never been lower than the third place in the conference standing.

Despite the fact that the Buffaloes have been victorious this year in winning the conference championship they have received poor support from the citizenship of Canyon in attendance at the games played at home. The Buffaloes are worthy of the support of the Canyon people. They have brought much to Canyon, in the limelight of publicity and have won much favor among other parts of the state because of their athletic accomplishments.

Friday and Saturday nights the Cadets of the New Mexico Military College will offer the Buffaloes competition worth seeing and the games promise to be interesting to the local fans from the beginning to the end. The New Mexico team is said to be a fairly strong one and should not let the Buffaloes have such an easy time in the games this week end.

The Buffaloes are worthy of your support. Let's go out and support the team in winning the last two games of the season. Show them that Canyon is proud of her college and the champions produced in her college.

### BAPTIST CHURCH

9:45 a. m. Sunday school. Prof. J. S. Humphreys, Supt.

11:00 a. m. Preaching Service, sermon by pastor. Theme: "Who Shall Be Able to Stand?" A study of the Judgment Day.

7:00 p. m. B. Y. P. U. meetings. Dorris Cheyne, director.

8:00 p. m. Preaching service, sermon by pastor. Theme: "The Vanity of a Worldly Life."

Remarks: The morning sermon will be the fifth in the series on "Life's Tomorrows." The Judgment Day will be destiny day of the ages. To that one great day we are all hastening. The question is, Who Shall be Able to Stand? Again the Bible has a message and an answer to the question.

You are invited to hear the message and to be in any or all of our services Sunday. We urge our Baptist people to enlist in all our meetings. The Sunday school has a place for every one. The B. Y. P. U. is going in a fine way and welcomes all our young people. Then the Adult Baptist Union is putting over a great program. We want the older people there. You will get a blessing in the work of this group.

C. G. HOWARD, Pastor.

## Women's Glee Club Gave Program Last Night at College

A very appreciative audience listened to the Spring Concert of the Women's Glee Club last night.

The club was under the direction of Miss Pauline Brigham, head of the piano division of the music department.

The program was made doubly attractive by piano solos of Mrs. James Otis Trulove, who played "A Waltz" by Saint-Saens, and "Moonlight" by Debussy. Mrs. Trulove very graciously took the place of Miss Helen Hearn Swindell, who was unable to come because of serious illness.

Mrs. Otis Trulove, soprano soloist, delighted the audience, and the hope was expressed that she would come and sing in Canyon frequently in the future.

The Glee Club numbers were unusually well balanced, and the girls sang with ease and precision.

The following was the program:

Were I a Birdling—Norwegian arr. by Jadassohn  
Norwegian Mountain Song arr. by Arthur Ryder  
A Celtic Lullaby—Irish arr. by Hugh S. Robertson  
The Galway Piper—Irish arr. by Percy Fletcher  
Glee Club.

Love Is in the Wind Alexander MacFayden  
My Heart Is a Lute Eleanor Marum  
The Wind's in the South John Pringle Scott

Helen Hearn Swindell.  
Lynette Clements Steed, Accompanist.

What Can Lambkins Do? Coleridge-Taylor  
One Spring Morning Nevin arr. by V. Harris.

One Memory Cecil Ellis arr. by V. Harris.

The Cloud Fletcher  
Glee Club.

"Je Suis Titania," from Mignon... Thomas  
"Ouvre tes yeux bleus" Massenet  
Vale Kennedy Russell

A Spring Fancy John Denmore  
Mrs. Otis Trulove.  
Mrs. James Otis Trulove, Accompanist.

The Song of Shadows Armstrong Gibbs  
The Butterfly Cyril Jenkins  
How Softly Runs the Afternoon Woodforde-Flinden

arr. by Salter.  
Glee Club.

FIRST CHURCH OF CHRIST, SCIENTIST

Services every Sunday at 11 a. m. and every Wednesday at 7:30 p. m., when testimonies and experiences are given.

Sunday school meets at 9:45. All under 20 years of age are invited to attend these classes. Subject for Sunday, "Christ Jesus." A reading room is maintained in the church from 3 to 5 on Tuesdays, Thursdays, and Saturdays, excepting holidays, where the Bible and authorized Christian Science literature may be read, purchased or borrowed. The public is cordially invited to attend these services and to visit the reading room.

On retiring from the office of secretary of the Canyon Independent School District, I wish to thank everyone with whom I have had business relations for the past three years, for the kind and courteous treatment I have been accorded, with very few exceptions. I have endeavored to be a good secretary, fair and impartial to all.

That I have succeeded fairly well in doing so, I verily believe. I will state also in this connection that I will correct any errors that I have made, though I do so out of my own pocket.

A. CAYTON.

GIVES PARTY FOR FRIENDS

Mrs. C. E. Newberry and Mrs. T. S. Maxwell were joint hostesses to a group of their friends Thursday evening. Bridge was played at five tables. Refreshments of French doughnuts, coffee, fruit salad and mints were served.

Invited guests were Mr. and Mrs. Robert Foster, Mr. and Mrs. Hud Prichard, Mr. and Mrs. H. W. Hartman, Mr. and Mrs. Bert Newlin, Mr. and Mrs. Ed Mickle, Mr. and Mrs. J. B. Sikes, Mr. and Mrs. Ray Lackey, Miss Velma Thomas, Miss Mattie Lou Harrison, and Lige Frieze.

CLUB ENTERTAIN HUSBANDS

Members of the Loyal Dozen Needle Club entertained their husbands at the home of Mr. and Mrs. J. C. Duke Tuesday night. Games of bridge, forty-two and touring were played. Refreshments of sandwiches, potato chips, cocoa, and jello salad were served.

Those present were: Mr. and Mrs. Harry Inman, Mr. and Mrs. Victor Steen, Mr. and Mrs. Felix Pierce, Mr. and Mrs. Hugh Shotwell, Mr. and Mrs. N. T. Dickerson, Mr. and Mrs. Ralph Cates, Mrs. Johnnie Gazzaway, Mrs. Richard Lancaster, and Mrs. Irene Beckett.

SURVIVING A PANIC

"The scene beggared description." "Never mind," said the editor. "Borrow a few adjectives and go on with it."

## OBITUARY

Lorenzo Earl, son of Mr. and Mrs. Dave Covington, was born near Canyon, Texas, Feb. 24, 1922, and died in Northwest Texas Hospital at Amarillo, Feb. 5, 9:00 p. m., 1930.

His funeral services were held at the Baptist Church in Canyon, Feb. 7, by his pastor, Rev. C. G. Howard, assisted by the writer who has been a friend of the family for many years. His pall bearers were from the Canyon Eagles football boys. He leaves a devoted father and mother and two brothers, Ernest and Clyde, to mourn his untimely going away.

Earl was a bright affectionate little fellow. He was very fond of his mother whom he was always striving to make happy. He was handy with tools and made her

many attractive flower boxes. He showed me one of them he made while she was quite ill, and expressed the hope that she might get well and plant flowers in it. She did, but little Earl did not get to watch them grow but for a short period. God called him to that home where the flowers bloom forever and the sun is always bright. His little body was laid to rest in Dreamland Cemetery and the mound covered with flowers which he loved so dearly. He is missed in the home, but heaven is nearer and the earthly home more closely linked to it because Earl is there. May God comfort your hearts, my dear friends and may you be an unbroken family after while.

His friend,  
C. E. JAMESON.

## Herd Sire Given to College Farm

Last week the Tierra Blanca Hog Farm, owned by the McSpadden Brothers of Amarillo, gave the College Farm a young Duroc-Jersey herd sire. This hog was selected by Mr. R. E. Prewitt, who is manager of the farm, and it is an exceptionally good individual. Mr. Prewitt combines the blood lines of the best individual hogs.

This is the first step in a program of handling purebred hogs on the College Farm.

Uncle Si Tinklepaugh says all the rules for dieting he's ever heard come down to one, and that's that whatever you like isn't good for you.

The NEW Remington Portable

We have it on display

It's a modern miracle of mechanism—the lightest, most compact typewriter with standard keyboard—and the efficiency of the standard office machine, though it weighs only one-fourth as much.

It has eight new features—some of which you can't find on even big machines... and yet... no increase in price. Come in and try it today!

NUMBER 21

## Spearman Hi Wins Tournament From Happy in Final

The Spearman Lynx came out of a kicking, clawing battle with Happy Jacks, ahead by a score of 24-20.

Spearman's wonderful team whipped the Silverton men in the first game on Friday. Saturday they beat the Perryton team. Perryton had a very strong team, but Spearman's was a little stronger. Stratford, the team that downed the Eagles was not strong enough for the Lynx.

But the game that capped all this was the tight game between Happy and the Lynx, which ended leaving the Lynx the champions of District One.

### S. A. CONTEST

Katy B. Lowe and Kathryn Robinson were winners of the first year classes respectively in the local S. A. contest held Monday afternoon for the Latin tournament. This tournament will be held in Lubbock this April. Second places were won by Margaret Kiersey of the second year class and Mildred Besare of the first year class. The winning S. A.'s will be submitted in the state contest.

## TANLAC ENDS ANOTHER CASE OF RHEUMATISM

and Stomach Troubles—Hotel Man Benefits This Time

Ending the suffering of 10 years in just a few weeks is going some but that's just an example of how quickly Tanlac works in stubborn cases that never yield to other remedies.

No wonder so many local people are so enthusiastic about Tanlac—no wonder local druggists are loud in praise of this medicine. Read for instance what Mr. J. L. Kline says: "For 10 years have had stomach troubles. Rheumatism also of mornings, stiff and sore all over, mostly in back and shoulders. A good powerful medicine was needed to fix me up and Tanlac proved to be all of that. From it I got relief from all troubles, stomach and rheumatism. My digestion now is just about 100% good. No more pain or distress, eat good sleep as good as I eat, pain, stiffness, soreness all gone. Rheumatism in back and shoulders wiped out. I have tried out lots of medicine but Tanlac gave me results." That's the story of Tanlac in a nutshell—it gives results and gives them quick, for every herb, bark and root is a real medicine. Many "patent medicines" make glowing promises that may fool you into buying them, but remember Tanlac is a real medicine that backs its claims with a guarantee. At all druggists. Accept no substitute.

## Spanish Club Is Entertained By Miss Lacas

The Spanish Club was delightfully entertained last Wednesday by Miss Lacas from the Spanish department of the College. Miss Lacas talked on Spain, and she was exceedingly interesting. She is of French-Spanish descent, and that makes her even more interesting. She began with her departure from New York and told about all the points of interest along the way. The talk was especially interesting to the second year class, because it has been reading a book on Spain and its noted points. Everything Miss Lacas told about seemed just as it was in the book. All those who heard this teacher agreed that they had a real treat, and were fortunate in having the privilege of hearing so good an authority on Spain.

### JONES' RAT STORY

A good story is told on Jones. As he jumped into bed one night his feet touched something soft and warm. A thrill ran through him. Thinking it was a rat, he let out a yell and threw off the covers. Whistling for his dog, he pointed to the clothes, with the order to "Get 'em, Towser!"

Towser dove into the scrambled covers and soon brought out a hot-water bag.

Mother—Why didn't you call me, Doris, when that young man tried to kiss you?

Doris—I didn't know you wanted to be kissed, mother.

### HOW TO WALK

One of the most common means of distorting the feet is to walk with the toes turned outward. Practically all people who "toe out" are on the road to trouble.

### WHO GOT THE NECK?

"My landlady saved me the tenderest part of the chicken yesterday when I was late for dinner."

"What part was that?"

"Some of the gravy."

Opportunity goes only so far. We should not assume that the prosperity built here by our fathers is perpetual. The economic history of modern civilization is strewn with the ruins of once-mighty edifices of business power.

Only old-fashioned people now get home in time for breakfast.

"What have you in the way of a drink?"

## First County Judge Visits Here Tuesday

Judge M. M. McGee, who was among the first settlers of Randall county, and a leader in the organization of this county, and served as the first county judge, was here Tuesday night, the guest of J. W. Turner.

Judge McGee, who makes his home in Santa Rosa, N. M., was en route to Shamrock for a visit with a daughter there.

### GRADE SCHOOL NOTES

#### Organize Two Clubs.

Mrs. Hamill's room have organized a club for both girls and boys. In the first meeting they decided on a name and elected officers.

The boys' club was named "The Lone Star Club." The following officers were elected: President, Sherman Higdon; vice-president, Glen Veteski. They are to do construction work, such as making stools and bird houses.

The girls' club was named "The Numbie Thimble Club." Kate Eileen Donnell was elected president, and Marielle Oldham vice-president. They are to sew on tea towels and doll clothes.

These clubs meet at the 3:15 to 4:00 period.

The entire fourth grade is enthused over these clubs. They have not had a regular meeting at which they worked, due to the illness of Mrs. Hamill.

Green—What is a sense of humor?

Brown—A sense of humor is that which makes you laugh at something that happens to someone else which would make you sorry if it happened to you.

Newlywed—Don't you ever think seriously of marriage?

Singleton—My dear fellow, no man ever thinks seriously about marriage until he has been married a while.

Auntie—Well, Tommy, what have you learned in school today?

Tommy—How to whisper without moving my lips.

"Darling, you get prettier every day."

"Naughty boy, to exaggerate like that!"

"Well, every other day, then."

James—There goes the old rascal who swindled me out of \$50.000.

Peter—How did he do that?

James—He wouldn't let me marry his daughter.

## Girlhood

The trying time in a young girl's life is reached when Nature leads her on certain steps across the line which divides girlhood and womanhood.

Neglect, a this critical period is largely responsible for much of the misery of women. Often there is need of some safe, strengthening tonic to overcome the languor, nervousness and distress girls commonly experience at this time. Dr. Pierce's Favorite Prescription soothes the nerves, encourages the appetite and helps the entire womanly organism. It is purely herbal—contains no harmful ingredients. Druggists. Tablets or liquid.

Send Dr. Pierce, Buffalo, N. Y., 10¢ if you desire a trial pkg. of tablets.

## What Would You Say?

Would it be better to invest the smaller sum required for paint now to protect and beautify your property?

Or would you rather pay the price of waiting in costly repairs later—and a greater painting expense besides?

We'll be glad to help you figure your costs for barn, house, roof or other painting. Maybe doing it now will mean a really big saving.

FOXWORTH-CALBRAITH  
LUMBER AND CARPENTRY

CACTUS CAL

It was too bad we had to lose to Stratford but that wasn't as bad as Amarillo. It was great when Follette pulled Amarillo's delayed play stuff on them and beat them. That gave me almost as big a laugh as it would for us to have beat them ourselves. Amarillo's second string seemed to be better than their first, from all indications.

Ralph Cabe showed up better than anyone on the home team and in fact was, in my opinion, the best forward in the tournament.

Well, six weeks' exams are over and I passed one of them, so I won't have to worry about them for quite a while now. They were pretty easy this time, my lowest grade being 13. But maybe that's because I'm so smart, who knows? Then again I might have been a pretty good guesser, who knows? (I don't.)

Teacher (to pupil)—What shape is the earth?

Student—Round.

Teacher—How do you know?

Student—Oh, all right, it's square.

—I wouldn't argue with you.

### BOOKSHELVES BEING MADE BY THE MANUAL TRAINING BOYS

Say, folks! There's been a lot of noise upstairs this week. Bill Strain and Warren Whaley have been making some bookshelves. They are large enough to hold all the books we have and will have for several years. The manual training classes have been making several useful articles for the school. They made a magazine stand for the library, and are now making these new bookshelves.

### MARBLES

The "marble" season is on. But the teachers have more marbles at the end of the school term than the boys do. For if a rattling of marbles is heard in any boy's pocket the teachers take them.

To tell the truth, it's not all boys playing marbles, for several sixth grade girls have been seen on the playground quite enthusiastic over a marble game.

### CHEWING GUM

Canyon High has favorite chewing gums as well as other favorites. Mr. Stroud states that Juicy Fruit, Spearmint and Double Mint head the list. This shows good taste, but from just looking at the inmates of C. H. S. would have instantly guessed "Oh Boy," or "Blow Gum."

### JOKES

Drug Clerk—Did you kill any moths with those moth balls I sold you?

Customer—No, I tried for three hours, and couldn't hit one.

Dear Friends:

A man was in the store the other day to get his watch regulated. It didn't need any as it was right to the dot.

I was in the back of the store and heard the conversation. This man told Mr. Hartman that he always had a lot of trouble with that watch until he brought it here to be fixed three months ago. He hasn't had to set it since.

That was some compliment and it made the boss feel good but he gets a lot of that kind because he's mighty particular about his repair department. Every piece of work that goes out of here has to be just so.

### TICKER.

P. S. They fix other things besides watches here too, most any article of jewelry in fact.

H.W. HARTMAN  
The Reliable Jeweler

## Canyon Men Lose Tournament to Stratford Team

The Canyon Eagles defeated the Pampa Harvesters as their first game in the tournament, only to lose in their second game to Stratford.

Capt. "Hoxie" Cabe was the star player on the floor in the games the Eagles played. In the first game, 21-7, he scored 17 of the 21 points scored by the Canyon team. Also in the game with Stratford he scored 14 of the 24 points. His playing was unequaled.

Despite has work, the Eagles lost out in this tourney.

### SIX WEEKS' TESTS AND REPORTS

Last week was test week. Many compliments from the students were heard because they were having two or three tests on the same day. But this is something that has to come every six weeks. Report cards were distributed among the students Monday. Many students have much room for improvement in regard to their grades. However, there were some very good grades. Some students made straight "A" and "B" cards, and we are very proud of the students. It is hoped that many more will come up to this standard by the end of the next six weeks.

### SWEET TOOTH

"Have you a piece of cake, lady, to give a poor man who hasn't had a bite to eat for two days?"

"Cake? Isn't bread good enough for you?"

"Ordinarily, yes ma'am; but this is my birthday."

Doc—What is water?

Block—A colorless fluid that turns black when you wash your hands.

"Sarah, did I see you kissing someone in the garden this morning—the milkman or the postman?"

"Er—excuse me, ma'am—was it about half past seven or was it after eight?"

"What is the most outstanding contribution that chemistry has given to the world?"

"Blondes."

## Canyon Boys Honor Students at Texas Uni.

Among those at the University of Texas who are making the honor roll in the engineering school are: W. T. Hazlewood and O. F. Myers, both of Canyon.

Travis Shaw was recently initiated to the Alpha Rho Chi organization at Texas University, according to an announcement from Austin.

Thomas Earl Cole and Travis Shaw are members of the ticket selling committee for the annual engineers banquet to be held February 27.

### PERMIT ISSUED TO L. L. MONROE FOR NEW HOUSE

A permit to build a new stucco house in the extreme west portion of Canyon was granted L. L. Monroe Tuesday afternoon. George Small is the contractor who will erect the house. The house is to cost \$700.

There was an old fisher named Fischer.

Who fished from the edge of a fissure;

Till a fish with a grin

Pulled the fisherman in.

Now they're fishing the fissure for Fischer.

### FRIENDS OF SILENCE

By means of a new local anesthetic, patients may listen-in to radio while undergoing a surgical operation. Some, however, firmly demand chloroform.

## What Price LAZY APPETITE

"Dear, are you not glad you followed my suggestion when I urged you to try S.S.S. for your lost appetite?"

HAVE you an indifference or loathing for food, or do you really enjoy mealtime?

Fads and fancies come and go. We must be reasonable. You can't afford to wreck your body by "killing" an appetite given you by Nature to nourish your body.

You must really enjoy your meals and assimilate them to restore the waste of the body.

Don't expect a strong, sturdy body and a keen mind to carry on if you do not enjoy your food. It just can't be done. Friends, happiness and business success may depend on a keen appetite.

Many thousands have turned to S.S.S. when the appetite signaled danger. It is a time-tested remedy... purely vegetable. Easy to assimilate. Pleasant to take. It will do much to restore the

natural appetite. It will not act instantly, but, be assured, when taken according to directions, it will usually bring back your desire to eat and enjoy your food. This you well know is the basic step for health. Simply reason it out for yourself and you will agree that it is the practical way.

And remember, S.S.S. will help you get your blood-cells back up to normal. Then that sluggish, let-down feeling and skin troubles will disappear. You should sleep soundly. Firm flesh should take the place of that which was once flabby. You should feel strong. Your nerves become steady.

S.S.S. gives to Nature what it needs in making you feel like yourself again. At all drug stores in two sizes. Ask for the larger size. It is more economical. © S.S.S. Co.

## This Case Cotton and Corn Lister SAVES EXPENSE

AS FINE a Lister as a man can build or money can buy—is this Case 2-Row Cotton and Corn Lister.

Smooth-running, easily handled and does the fastest, cleanest job you ever saw. Plants and covers as uniformly in uneven ground as on the level—the heavy tongue truck with pan type wheels steadies the machine and prevents weaving motion and pole lashing.

Beams fixed to sturdy angle steel frame. Wide range of spacing between bottoms—easily changed. Axles crank forward

causing forward pull of team to aid in raising—also places bottoms in line with wheels which causes bottoms to penetrate uniformly over rough ground. Single seed cell drop cotton and corn plates. Also plates for sorghum and other row crops. Tip over seed hoppers—you change from one kind of seed to another, quickly, or change plates from bottom without removing seed. Drops one seed at a time—no bunching; no cracking.

The purchase of a Case Lister is an investment for greater farm profits. Drop in soon and look it over. Try our service on all farm equipment.

On Tuesday evening of this week Mrs. W. E. Lockhart was hostess to the members of the American Legion and Auxiliary Club at her home. Floral decorations of pink and green sweet peas and pink carnations were placed advantageously in the entertaining rooms. The color scheme of pink and green was carried out further in the tallies, and table covers. Games of bridge were played at nine tables. A lovely refreshment plate of chicken sandwiches, fruit salad, olives, cheese crackers, fruit cake and whipped cream and hot chocolate was served after the games.

A Modern Miracle. Two men named Wood and Stone walked down the street. A beautiful woman passed. Wood turned to Stone and Stone turned to Wood, then they both turned to rubber.

"Dear, are you not glad you followed my suggestion when I urged you to try S.S.S. for your lost appetite?"

HAVE you an indifference or loathing for food, or do you really enjoy mealtime?

Fads and fancies come and go. We must be reasonable. You can't afford to wreck your body by "killing" an appetite given you by Nature to nourish your body.

You must really enjoy your meals and assimilate them to restore the waste of the body.

Don't expect a strong, sturdy body and a keen mind to carry on if you do not enjoy your food. It just can't be done.

Friends, happiness and business success may depend on a keen appetite.

Many thousands have turned to S.S.S. when the appetite signaled danger. It is a time-tested remedy... purely vegetable.

Easy to assimilate. Pleasant to take. It will do much to restore the

natural appetite. It will not act instantly, but, be assured, when taken according to directions, it will usually bring back your desire to eat and enjoy your food.

This you well know is the basic step for health. Simply reason it out for yourself and you will agree that it is the practical way.

And remember, S.S.S. will help you get your blood-cells back up to normal. Then that sluggish, let-down feeling and skin troubles will disappear. You should sleep soundly. Firm flesh should take the place of that which was once flabby. Your nerves become steady.

S.S.S. gives to Nature what it needs in making you feel like yourself again. At all drug stores in two sizes. Ask for the larger size. It is more economical. © S.S.S. Co.

## LOCAL NEWS

Mr. and Mrs. G. C. Hutchinson of Tulsa and Miss Roberta Hutchinson of Perryton were visitors in the N. E. McIntire home during the past week end.

Mr. and Mrs. Foster Shenefelt of Floydada visited Sunday in the home of Mr. and Mrs. W. J. Wooten.

Misses Katherine Northcutt and Polly Harpole spent the past week end visiting in Snyder.

Mr. and Mrs. Roy Gladson of Olton have been visiting in the home of Mrs. W. L. Shaw.

George McGowan of Vega was in Canyon visiting and attending to business during the past week end.

Dee Lowry of Lipscomb spent the week end visiting with his parents, Mr. and Mrs. R. D. Lowry.

Mrs. O. J. Lass of Plainview spent last Thursday here visiting in the home of her parents, Mr. and Mrs. Harvey Cash.

Miss Treva Louise Hefner returned Sunday from Abilene, where she has been visiting for the past several weeks with friends.

Eugene Dickerson of Happy spent Sunday in Canyon visiting with his brothers, Wm. and N. T. Dickerson.

Mrs. Guy Bailey of Happy visited with her mother, Mrs. G. A. Napier, the first of the week.

Rhea Robbins was in Amarillo attending to business Tuesday afternoon.

Mrs. Roy L. Aikman of Olton visited with her sister, Mrs. Vincent Shuman, last week.

Mr. and Mrs. Johnnie Gazzaway visited with Mr. and Mrs. Warren Chatman in Amarillo Sunday.

Mr. and Mrs. A. J. Newberry visited with Mr. and Mrs. C. Shuman Sunday. They have just returned from a visit in Temple. Their daughter, Dorothy Ann, who spent last week with Mr. and Mrs. Shuman, returned to their home in Happy with them.

Mrs. Otis Higdon and little daughter, Wanda Fay, who have been visiting the last two weeks in the C. A. Higdon home, will leave this week for their home in Big Spring.

Miss Florence Woodruff, who is a teacher in Deaf Smith county, spent Friday and Saturday visiting with Mr. and Mrs. Lawrence Shuman.

Mr. and Mrs. Byron Durham of Muleshoe spent the past week end visiting in the home of her parents, Mr. and Mrs. B. F. Oatis.

## Great Team Work

By Albert T. Reid

## LOCAL NEWS

Mr. and Mrs. Henry Campbell and children spent last week visiting in Iowa Park.

Mildred Shuman visited in the H. A. Bryant home in Plainview Saturday and Sunday.

Mr. and Mrs. I. M. Wester visited in Plainview Sunday. Mrs. Wester remained because of the illness of a relative.

Mr. and Mrs. Clay Ridgway of Hereford spent Saturday visiting in the home of Mrs. Tom Ridgway.

## LOCAL NEWS

G. F. L. Bishop was in Plainview on business Tuesday.

Mrs. N. E. McIntire spent last week visiting in Vernon.

J. W. Reed has returned from an extended stay in Austin.

Mr. and Mrs. G. F. L. Bishop visited in Claude with relatives Sunday.

Mr. and Mrs. Mark B. Williams of Plainview were in Canyon Monday.

Miss Nettie Morris has returned to her home in Childress after spending the past week visiting with Mr. and Mrs. Houston Prichard.

Mrs. Prichard is her sister. Mrs. Slimp of Panhandle spent the past week visiting in the home of Mrs. J. M. King.

"When are Joan and Edward to be married?"

"Never, I'm afraid."

"Why, how's that?"

"Well, she won't marry him until he pays his debts and he can't pay his debts until she marries him."

Do your shopping in Canyon.

## HINTS FOR THE HOME

## FISH AND OYSTERS

Pie made with fish and oysters is nourishing and satisfying. To make it, take the bones from boiled fresh cod and pull it to pieces. To each cup of fish add six oysters and half a cup of soup stock of any kind. Season with salt and pepper and bake in a buttered baking dish, covered with a thick layer of mashed potatoes.

For curried oysters, drain and wash twenty-five oysters. Make on an ordinary pancake griddle. Throw the oysters, three or four at a time, on the griddle, and brown both sides. Lift quickly and place in a double boiler, which stands beside the griddle. When all the oysters are cooked, add to them a tablespoon of butter, one-half tablespoon of flour, one-half tablespoon of salt, one tablespoon of curry powder, and a dash of cayenne pepper. Stir until the ingredients reach the boiling point and add one tablespoon of lemon juice and one small onion, grated.

When you baste, don't knot the end of your thread. Start by making two stitches in the same place. This will hold the end of the thread, but when you wish to pull out the basting, there will be no knot to mar the cloth's smoothness.

When you hem a skirt, take a double stitch every inch or less. This will make such a firm hem that if you rip a few stitches the rip will not extend more than an inch.

When you wish to hem table linen, first run it through the sewing machine hemmer without any thread in the needle. You will then have a neat, even hem turned, ready for sewing.

When you make a buttonhole, first mark it with a pencil. Then run a line of machine stitching all around the pencil mark. Then cut it and buttonhole it. The machine

stitching helps to make a firmer buttonhole.

## Eggs

A simple dish with an elaborate name is the Spanish Revoltito, which is made from tomatoes and eggs. To make it in the real Spanish manner you should have as many ripe red tomatoes as you have eggs. Peel and slice the tomatoes and fry them until tender in a frying pan with plenty of butter, but do not allow them to brown. Have the eggs beaten up but not separated, and then add the egg mixture a spoonful at a time to the tomatoes, stirring in until creamy before adding any more eggs. It should be cooked very gently so that a crust does not form, and should be served as soon as the last of the egg mixture has been added. Season very sparingly with salt and a dash of red pepper. Although this is best when made from fresh tomatoes it is almost as good when made from canned tomatoes.

## Custards

The rule for both boiled and baked custards is five eggs to a quart of milk, and a tablespoon of sugar for each egg; creams and custards that are to be frozen require more sugar than those that are not frozen. When mixing eggs and hot milk, stir a small quantity of milk slowly into the eggs at first, so that the eggs may not curdle. A very moderate degree of heat must be employed for all sauces, creams and custards made of the yolks of eggs. Do not set the vessel containing the custard into the water until the latter is at the boiling point, and remove the instant the custard is nicely set.

## Using Up Leftovers

It is possible to "use up" the last remnant of every sort of cooked meat, if you plan intelligently to do so. Little scraps can always be minced and served hot on toast or mixed with mayonnaise or other seasonings and used for the filling of sandwiches.

You can, of course, make good hash of any kind of cold meat—beef, corned beef, lamb, or chicken. And you can make croquettes of beef, lamb, or chicken. By adding potatoes to the hash, or rice and crumbs to the croquettes you increase the bulk of the meat considerably.

## LAMB FRITTERS

A little cold lamb and a few slices of bacon, one egg, a very little white sauce, four ounces of flour, pepper and salt, one ounce of butter or frying fat. First make a batter with the flour, butter, one gill of tepid water, and the well-beaten white of egg. Let this stand while you prepare the meat. Mince the lamb finely, season it well with pepper and salt, and moisten with a very little white sauce. Place some on each slice of bacon and roll up. Now dip in flour and then place them in the batter. Prepare a deep pan of boiling fat, then lift each roll out with plenty of batter adhering, and fry brown. Drain, dish, and garnish with fresh parsley.

Diversity of Texas production of raw materials is shown by the fact that sixty-five different raw materials contributed in a major way to the state's income in 1929.

"Lend me \$5, will you?"  
"I've only got \$2.50."  
"Well, give me that. I'll trust you for the rest."

## ACHIEVEMENT!

## the Challenge

Several years ago, the exclusive North American patent rights on the Conoco Germ-Processed Motor Oil were secured by the Conoco Company. This was a revolutionary step in the history of motor oil, and it was a challenge to the entire oil industry. The Conoco Company was the first to produce a motor oil that was germ-processed, and it was the first to put it on the market. This was a great achievement, and it was a challenge to the entire oil industry. The Conoco Company was the first to produce a motor oil that was germ-processed, and it was the first to put it on the market. This was a great achievement, and it was a challenge to the entire oil industry.

## Since You Read This CHALLENGE

on November 14th, 1929

An Army of American Motorists has Changed to CONOCO

Germ-Processed Motor Oil

The Seven Claims in Conoco's Challenge that Brought this Amazing Public Acceptance of Conoco's Germ-Processed Motor Oil

1 Combines with metal surfaces and never leaves bearings and other working parts.

2 Refined from carefully selected paraffin base crudes by patented processes. That means stability.

3 Positively increases gasoline mileage by reducing friction. That means economy.

4 Will not break down under cylinder wall heat. That means less oil consumption.

5 Substantially reduces motor wear in starting because this oil penetrates metal surfaces and stays there. Other oils require 15 to 20 minutes to lubricate all moving parts.

6 Crankcase dilution does not seriously impair its "oiliness" value. That means greater motor protection.

7 Will lubricate efficiently at sub-zero temperatures. That means thoroughly de-waxed oil.

Have you noticed that Conoco stations have been busier in the past few months? The reason is, of course, that amazing new oil, Conoco Germ-Processed.

Introduced only last November, this revolutionary motor lubricant has startled even its makers by its instant public acceptance.

There's a moral for you in this wholesale change of oil-buying habits by the motoring public. Everyone realizes now that something happened in the motor oil business when this new oil was announced. When you start using this oil you'll realize it too.

By providing more economical car operation, by guaranteeing a radical reduction in motor wear, and particularly, by penetrating metal surfaces and providing constant lubrication under every conceivable operating condition... Conoco Germ-Processed oil sets up a new gauge of motor oil merit.

We firmly believe that you will buy no other oil except Conoco Germ-Processed oil after using it for a fair period of time. Won't you make that trial to-day, at any station bearing the Red Triangle?

## BUREAU CHIEF

Major General William Graham Everson, whose nomination to succeed General Creed C. Hammond as Chief of the Militia Bureau of the War Department has been sent to the Senate, took up his new duties recently. Gen. Everson formerly commanded the 76th Brigade, 28th Div. He is an ordained minister and since 1921 has been the pastor of the First Church, Nuncia, Indiana. (Herbert, N. Y.)

## News in Canyon 25 Years Ago

(From the files of the Canyon City News, March 3, 1905.)

H. M. Bridges, W. H. Black and James McCormick were among our welcome visitors Tuesday.

The roads will soon be in good trim again and freighting from here south will be resumed.

Miss Johnnie Cartwright is visiting her sister, Mrs. D. A. Park.

Ad Thompson is now at work at Guber, Hume and Kenyon's.

A. S. Rollins moved into his new purchase Wednesday, the house va-

lated by W. R. Brandon.  
C. P. Hutchings of the Canyon City Supply company, left Tuesday for St. Louis to purchase the spring stock.

The school trustees are preparing to put out some trees around the new school building.

A. W. Callahan of Tulsa was in town Tuesday.

Rev. J. D. Ballard moved into his new home Tuesday.

H. B. Greathouse and family moved away from here Friday, going to Dallas.

John Hutson's team took a run with his buggy Tuesday evening, but were caught before any material damage was done.

The Hon. Jerry Simpson passed through on a train bound for Chicago Tuesday. He is booming the Pecos Valley.

Judge Henson, as representative of the local Odd Fellows lodge, will leave Saturday for Houston to attend the grand lodge.

Born to Mr. and Mrs. C. R. Burrow, Saturday, a girl.

Miss Wilda Blackburn, who has been the guest of Mrs. L. M. Faulkner for several days, returned to her home in Amarillo Tuesday.

J. L. Prichard gives notice in this issue that he is going to start a dairy.

## Canyon Boy Scouts To Give Program in Chapel Tuesday

Troop One of the Canyon Boy Scouts of America will have charge of the chapel program Tuesday, March 4, under the supervision of their Scoutmaster, C. W. West, a senior of the College.

The troop is hardly three months old and has already produced a group of boys who can put on a first class demonstration of scouting. Only boys who have passed their Second Class tests are permitted to take part in the chapel program.

The boys who have passed their Second Class Tests are: Don Savage, Jack Kilcrease, Louis Upchurch, Clark Ash, Arthur Chambers, Earl Lewis, Earl Ritchie, Hampton Leslie, Eugene Davis, Willie Shackelford, Glen Gillespie, Vincent Lockhart, Eagle Scouts Lewis Shirley, Russell Bishop, Joe Hill, Jr., Winston Savage, Thomas Elliston, James Vaughn, Hosse Foster, Earl Cobb, and Ford Ward will assist with the program.

## Umbarger Items

A shower was given to Miss Helen Schule Sunday evening at the home of Mr. and Mrs. J. G. Batenhorst. There was a large crowd attending and the bride-elect received many pretty and useful gifts.

Mr. Ben Koch and Miss Helen Schule were united in marriage Tuesday morning in St. Mary's church, with the Rev. Father Dolge officiating. Mr. Frank Schule acted as best man, and Miss Adella Batenhorst was bride's maid.

A wedding dinner was given Tuesday at the home of Mr. and Mrs. Henry Batenhorst. A large number of relatives and friends attended.

A wedding dance was given Tuesday night in honor of Mr. and Mrs. Ben Koch. There was a large crowd in attendance.

Mr. Frank Schule of Cedar Rapids, Nebraska, is visiting with relatives here.

Mr. James Hancock and mother have returned from Hot Springs, N. M., where they have spent the past few weeks.

Mr. and Mrs. E. J. Friemel visited with Mrs. F. V. Friemel, who is ill in St. Anthony's hospital in Amarillo.

Mr. and Mrs. Walter Hess made a business trip to Amarillo Saturday.

Mr. Robert Hiends spent the week end with relatives and friends in marillo.

Mr. Joe Friemel is attending to business in Lamesa this week.

Miss Annie Stocker of Amarillo spent Sunday with her parents here.

Mr. A. J. Potzemny and Mr. E. J. Evers spent Sunday in Amarillo.

## Weakly Windbag

By the Office Loafer

Folks, the latest bit of news concerning the golfists of this city is that Oscar Gano injured his hands playing golf the other day. He was bemoaning and complaining in such loud and exhaustive terms that I thought twice or three times before I went on with my second lesson in golf. The lesson number 2, which, by the way, is the second lesson in the correspondence course, arrived at this office this week.

Among the things noted in the above mentioned letter is that the instructor, Mr. Hagan, states that "the spoon is one of the handiest clubs in one's whole kit." Well, I'll say it is, whether it's soup or golf you are playing in.

Really, folks, I am enjoying my golfing, i. e., my golfing lessons, wonderfully well. Especially do I enjoy looking at the beautiful pictures concerning the game which accompanies the lessons each month.

Just as I begin to dig deeper into the game I find that golf must be interesting to every other newspaper writer, both great and small (meaning, that the said writers are great in their own estimation and small to every one who writes anonymous letters). Most every writer mentions golf more than bridge.

And speaking of anonymous letters, this office is in receipt of such a said letter. We cannot publish the letter in which the Office Loafer was so harshly condemned, because the policy of the News forbids the publication of such letters where the name of the writer is not known.

Not much excitement was noticeable around town and out at the College, when it was learned last Wednesday morning that the Buffaloes of West Texas were again the champions of the Texas Inter-collegiate Association. I would guess that it has been such a common occurrence since 1925 that the championship is generally expected to abide out at the Buffalo Gym.

The District Basketball Meet went off very well with one exception, and that was I was accused of being a coach of one of the losing teams. Well, I ain't, you can just tell the whole world. (I am a Golf Bug.)

Tuesday was a great day in the life of the Office Loafer. Not that I loafed more than usual, which no doubt I did, but I got my fortune told and found out what my weight was, all at one time, and at the small expense of 1 cent. But because I was around getting my fortune told, the Young Squirt in the back shop was near by and so he said that if I did not let him get his fortune told and me pay for it, he would sue me for 2 cents as liable damage to his character by the things I have said he said, in the Windbag. I figured and figured that by paying 1 cent to get his fortune told would be cheaper than letting him sue me all the mental agony he has been getting since he has become a public character in this column.

Anyway, let's get back to the fortune telling. I think it is a very marvelous invention when a business man, like myself, can get his fortune told in such a short space of less than one minute. Incidentally, I know of some men who played the stock market that would not need that much time to tell how much fortune they have. (I don't have any, but I was trying to find out how much I would have and WHEN.)

It is marvelous, I say, when a man may step upon a platform and look into a mirror and drop a penny into a slot, reach down and pick up a card that will tell him what his fortune is and what he weighs. But honestly, I don't believe that machine is going to be a success among the women trade for they are likely to want the thing to di-

gress from the truth about their poundage and add the same reduction from their weight to the fortune.

Maybe you would care to know what the little card said about yours truly. Well, here's just how it happened. I dropped a cent piece into the slot and quick like I received a card and on this card was the facts in the case. It is rumored that I weigh between 138 and 139 pounds. It is also said that a rumor, though not confirmed, but thought to be true, is that I have a very generous nature and will be rewarded for it some day. Some persons around here have been so unkind as to assert that the only thing I am generous with is the hot air put out in this Windbag.

A bee census (made by accurate estimate) shows 425,000 colonies of bees in Texas, producing annually about 10,000,000 pounds of honey. Uvalde is the capital of one of the largest honey-producing areas in the United States.

The District Basketball Meet went off very well with one exception, and that was I was accused of being a coach of one of the losing teams. Well, I ain't, you can just tell the whole world. (I am a Golf Bug.)

Tuesday was a great day in the life of the Office Loafer. Not that I loafed more than usual, which no doubt I did, but I got my fortune told and found out what my weight was, all at one time, and at the small expense of 1 cent. But because I was around getting my fortune told, the Young Squirt in the back shop was near by and so he said that if I did not let him get his fortune told and me pay for it, he would sue me for 2 cents as liable damage to his character by the things I have said he said, in the Windbag. I figured and figured that by paying 1 cent to get his fortune told would be cheaper than letting him sue me all the mental agony he has been getting since he has become a public character in this column.

Anyway, let's get back to the fortune telling. I think it is a very marvelous invention when a business man, like myself, can get his fortune told in such a short space of less than one minute. Incidentally, I know of some men who played the stock market that would not need that much time to tell how much fortune they have. (I don't have any, but I was trying to find out how much I would have and WHEN.)

It is marvelous, I say, when a man may step upon a platform and look into a mirror and drop a penny into a slot, reach down and pick up a card that will tell him what his fortune is and what he weighs. But honestly, I don't believe that machine is going to be a success among the women trade for they are likely to want the thing to di-

gress from the truth about their poundage and add the same reduction from their weight to the fortune.

Maybe you would care to know what the little card said about yours truly. Well, here's just how it happened. I dropped a cent piece into the slot and quick like I received a card and on this card was the facts in the case. It is rumored that I weigh between 138 and 139 pounds. It is also said that a rumor, though not confirmed, but thought to be true, is that I have a very generous nature and will be rewarded for it some day. Some persons around here have been so unkind as to assert that the only thing I am generous with is the hot air put out in this Windbag.

A bee census (made by accurate estimate) shows 425,000 colonies of bees in Texas, producing annually about 10,000,000 pounds of honey. Uvalde is the capital of one of the largest honey-producing areas in the United States.

## Wayside Items

Some indications of rain, cloudy and cooler, wheat growers would welcome moisture. Grass is coming, wheat is showing growth.

Rev. Jack Plant, wife and 4-year-old son, Jack, Jr., came Sunday, filling his appointments morning and night. Mr. Plant always gives us food for thought. His sermon in the morning on "Ezekiel's Life Giving Stream," was excellent.

Wayside Methodists are attending a mission school this week, Monday, Wednesday and Thursday evenings, led by the pastor, Brother Plant. The study on "The Church and World Parish," is a very interesting book, giving information of the work done and being done by the Methodist church.

W. C. McGehee and family, Billie Washburn, wife and boys, were dinner guests at the W. H. Rogers home last Sunday.

Those on the sick list were improving at last reports. Mrs. Ruth Aiken, Mrs. Julia Howard and Mrs. Nellie Watson in St. Anthony's in Amarillo, and Mrs. Agnes Stockett. Glad to see the roads are being dragged near Wayside. Messrs. W. H. Rogers, R. L. Grigsby and B. McCoy have been busy some days. Grandfather P. H. Hamblen, a pioneer of the Plains, died in Amarillo nearly a week ago, and was buried at Hedley, Texas, last Sunday. Nearly all his children and

grandchildren, a large number, attended the services. Mr. and Mrs. Laycock and Miss Cope, our teachers, also attended. We extend condolences to the bereaved ones.

We feel proud to report three dozen new song books, "Cokesbury Hymnal," at Wayside Sunday school and suited to our Methodist literature.

W. C. McGehee asked to be relieved as teacher of the adult class as Sunday school. Mrs. Stella Cunningham accepted the position. She served last year. We know her to be tried and true.

Manford Counterman is combining J. C. Payne's row crop of last year.

W. R. Franklin, J. S. and W. J. Sluder made a trip to Tulsa Saturday. Stopped on way home to view the demonstration of One Way plow and tractor. Demonstration to be at M. L. McGehee's, Friday, beginning at 1 p. m. All interested are invited.

## Jowell News

This community was well represented in Canyon Monday, Trades Day.

Mrs. Curtis Weathersbee and little daughter of New Mexico are visiting at the home of her parents, Mr. and Mrs. W. D. Mayben.

Mr. and Mrs. Ralph Bratcher and daughter and Mrs. R. F. Bratcher visited with relatives at Ardmore, Okla., last week.

Rev. Mr. Johnson and wife were dinner guests of Mr. and Mrs. Earl Davis Sunday.

Mr. and Mrs. C. P. Robertson visited relatives at Happy Sunday. Mr. J. Rowell received a serious injury to his hand last week when it was caught in a feed grinder.

Mrs. Henry Burtz and daughters, Mildred and Ruth, and Mrs. Earl Burtz and baby visited with Mr. and Mrs. Earl Davis Sunday.

Miss Bertha Fewell and brother, Claude, were in Hereford on business Thursday.

Melvin and Abbie Leavitt spent Monday night with Viola, Iris and Carol Dooley.

Everett Culp is on the sick list this week.

Mr. and Mrs. Frank Davis visited with friends near Arney Sunday evening.

The Jowell boys are practicing up on baseball, expecting to play some good games this season.

Milton Dooley, James J. Leavitt, Frank Davis and James Lybarger are assisting Earl Davis with his carpenter work.

Mrs. Newt Hileman of Canyon spent the day with Mr. and Mrs. C. P. Hileman Thursday. Mrs. Hileman is still confined to her bed most of the time, being unable to walk.

The wheat fields in this community are nice and green and doing fine.

## Sunny Hill News

Rev. Hubert Thompson of Canyon delivered a splendid message to us Sunday afternoon. This is the second time we have been honored with the Rev. Mr. Thompson's presence. It is hoped he will be with us from time to time.

Mr. and Mrs. Charley Stallings and Mr. and Mrs. Clarence Stallings and Mrs. Edna McCaslin attended the singing convention at Cleo Sunday. They visited relatives in Dimmitt. Mrs. McCaslin stayed with friends in Dimmitt.

Miss Corinne Hallabaugh spent the week end in her parental home. She had an attack of appendicitis while at home.

Mr. Clarence Stallings was in Turkey attending to business Monday.

Mildred and Billy Scott spent the week end in Amarillo.

Mr. and Mrs. Clark Neff and family, and Anna Joe Sherwood were dinner guests in the home of A. C. Neff Sunday.

Forrester Hollabaugh spent two nights with his uncle, Joe Currie. Miss Lysbeth Yates spent Monday night with Elora Duncan.

Mr. and Mrs. Rex Roby attended the County Teachers Institute Saturday. They, accompanied by Ernest and Elora Duncan, visited relatives Saturday night and Sunday.

## Zita Breezes

Mrs. H. B. Hales and children motored to Amarillo Sunday. We are very sorry to say that

Miss Oletha Roddy is ill. We hope she will soon be up again.

Mr. and Mrs. H. H. Groom spent Saturday evening at the C. C. Stewart home.

As spring is approaching the people of this community are busy planting and sowing the different crops.

At the time of this writing it looks as though it might rain. The farmers are hoping for pretty weather but a small rain would be appreciated.

"I made some very valuable contacts today."

"I didn't make any sales, either."

THE STATE OF TEXAS. To the Sheriff or any Constable of Randall County, Greeting: You are hereby commanded to

cause to be published once each week for three successive weeks, in a newspaper regularly published in Randall County, Texas, a copy of the following notice:

### THE STATE OF TEXAS.

To all Persons Interested in the Estate of J. L. McReynolds, A Person of Unsound Mind:

M. R. McReynolds, Guardian of the Person and Estate of J. L. McReynolds, a person of unsound mind, has this day filed in the County Court of Randall County, Texas, in Cause No. 239 on the probate docket of said Court, his final account of the condition of the estate of the said J. L. McReynolds, together with an application to be discharged as such Guardian, and to close said guardianship, and all persons interested in the account for final settlement of said estate and said application for discharge as such Guardian are hereby given notice to file their objections thereto, if any they have, on or before the March term A. D. 1930 of said County Court, com-

mencing and to be holden at the court house of said county in Canyon, Texas, on the first Monday in March A. D. 1930, the same being the 3rd day of March A. D. 1930, at which time the same will be heard and all persons interested in said estate may appear and contest said final account, should they desire to do so.

Herein fail not, but have you before said Court on the first day of the next term thereof this Writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court at my office in Canyon, Texas, this 12th day of February, A. D. 1930.

(Seal) BERL E. MAYFIELD, Clerk of the County Court, Randall County, Texas. 47p3

### NOTICE OF SHERIFF'S SALE

State of Texas )  
County of Randall )  
By Virtue of an Order of Sale issued out of the Honorable District Court of Randall County, on the 11th day of February, 1930, by

the Clerk thereof, in the case of Panhandle Construction Company versus Wm. Hatcher et al No. 1205, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY IN APRIL, A. D. 1930, it being the 1st day of said month, before the Court House door of said Randall County, in the town of Canyon, the following described property, to-wit:

All of Lot Thirteen (13) in Block Sixty-One (61), of the Original plat of the town of Canyon City.

AND WHEREAS, on the 29th day of January, 1930, an Order of Sale was issued in this cause, but the same was erroneous in description of the property, and has been returned unsatisfied:

Levied on as the property of Wm. Hatcher et al to satisfy a Judgment amounting to \$258.29 in favor of Panhandle Construction Company and cost of suit.

Given under my hand, this 17th day of February, 1930.

JOHN FRY, Sheriff.

REAL ESTATE

# THREE IMPORTANT FACTORS ENTER INTO THE COST OF YOUR AUTOMOBILE

1. How much it costs to make the car
2. How much extra you pay the dealer
3. How much it costs for operation and up-keep

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

### Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

### Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

### NOTE THESE LOW PRICES

Roadster . . .	\$435
Phaeton . . .	\$440
Coupe . . .	\$500
Two-window Fordor Sedan . . .	\$600
Three-window Fordor Sedan . . .	\$625
Convertible Cabriolet . . .	\$645
Town Sedan . . .	\$670

(All prices f. o. b. Detroit)

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

### Low up-keep costs

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

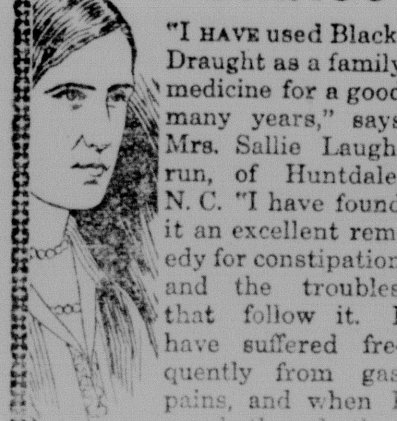

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

## FORD MOTOR COMPANY

## Constipation Troubles

"I HAVE used Black-Draught as a family medicine for a good many years," says Mrs. Sallie Laughlin, of Humble, N. C. "I have found it an excellent remedy for constipation and the troubles that follow it. I have suffered frequently from gas pains, and when I am bothered that way I begin at once to take Black-Draught. Relief follows quickly."

"I give Black-Draught to the children when they are constipated, and it is not long until they are running around again."

Thousands of others have reported good results from the use of this purely vegetable medicine. Insist on the genuine Thedford's

REAL ESTATE

# THREE IMPORTANT FACTORS ENTER INTO THE COST OF YOUR AUTOMOBILE

1. How much it costs to make the car
2. How much extra you pay the dealer
3. How much it costs for operation and up-keep

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

### Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

### Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

### NOTE THESE LOW PRICES

Roadster . . .	\$435
Phaeton . . .	\$440
Coupe . . .	\$500
Two-window Fordor Sedan . . .	\$600
Three-window Fordor Sedan . . .	\$625
Convertible Cabriolet . . . . .	\$645
Town Sedan . . . . .	\$670

(All prices f. o. b. Detroit)

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

### Low up-keep costs

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

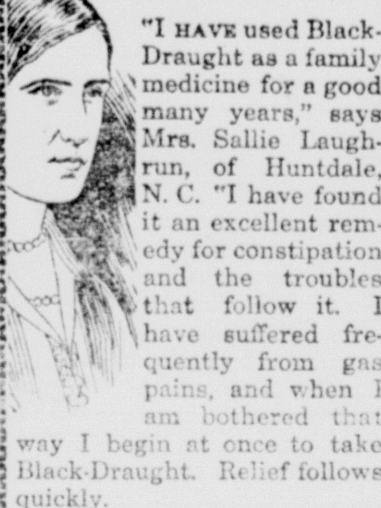

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

## Constipation Troubles

"I HAVE used Black-Draught as a family medicine for a good many years," says Mrs. Sallie Laugh-run, of Hunt-dale, N. C. "I have found it an excellent remedy for constipation and the troubles that follow it. I have suffered frequently from gas pains, and when I am bothered that way I begin at once to take Black-Draught. Relief follows quickly."

"I give Black-Draught to the children when they are constipated, and it is not long until they are running around again."

Thousands of others have reported good results from the use of this purely vegetable medicine. Insist on the genuine Thedford's

### ALCOHOL

More alcohol is being distilled in the United States than ever before. That has nothing to do with prohibition. The use of alcohol in industry has multiplied enormously since the war. The new chemical industries use it in a thousand different ways. Next to sulphuric acid it is the most important of all chemicals. Business would stop, in hundreds of lines, if the manufacture of alcohol stopped. But less grain is being used for alcohol than ever before. Molasses and potatoes are the chief sources of industrial alcohol. The sugar-growers of Louisiana are getting real money now for what formerly was pure waste, and the potato growers of Maine, Michigan, Maryland and the other potato centers have a more stable market for their product.

### CITIZENSHIP

Becoming a citizen of the United States ought to be as impressive as joining a church or a lodge. When you join a church it is a solemn occasion. You are welcomed into the communion by a ceremony in which the minister, elders, deacons or other officials take the lead and the whole congregation participates. When you join a lodge you are, for the moment, the central figure among the brothers; you are made to feel that you have achieved a new importance in their eyes, a new dignity in your own esteem. But when a man or woman goes into a naturalization court to get final papers, he is treated as if Uncle Sam had wished he had remained at home.

It would be a useful service for any Chamber of Commerce to undertake to make of the admission of aliens to citizenship an occasion for public rejoicing. And if the same idea could be extended to an annual welcome to the new American-born voters who have just come of age, that would certainly help impress upon them the responsibilities and the dignity of American citizenship.

### CHEESE

There are more than five hundred varieties of cheese. Some are made only in certain parts of the world, such as Roquefort, which ripens only in natural caverns in France, Gorgonzola, a native of Italy; Stilton, as English as John Bull; Brie and a hundred other "ripe" cheeses, besides the mild soft cheeses such as Camembert, cream and others which should be eaten as soon as possible after they are made. Swiss cheese must not be overlooked. And then there are the more universally popular cheeses of the cheddar type, which includes the Dutch Edam and pineapple cheeses and the standard hard cheese of commerce, which is the staple product of the American dairy.

Cheese supplies all the nutritive elements found in meat. The use of cheese is increasing, as the use of meat is decreasing. That is encouraging to the dairy farmer but not so good for the cattle raiser.

### GETTYSBURG

To North and South alike the battlefield of Gettysburg is hallowed ground. Here was the high tide of the Confederate forces. Here Lincoln voiced his immortal phrase, "Government of the people, by the people, for the people." Here the most imposing monument is the

statue of General Lee. Here, among the rolling Pennsylvania hills, lie the most gallant soldiers America has produced. "Under the sod and dew, waiting the judgment day."

Every year, nearly a million and a half tourists visit the Gettysburg National Park. They come from every section of the union, as many from the South as from the North. The pleasant little town has welcomed them but its facilities for housing and feeding the guests have not kept pace with the growth of the tourist tide. It is good news, therefore, to all who cherish Gettysburg as one of our national shrines, that the people of the town have at last stirred themselves to meet this need. A new hotel, in a style and manner befitting its surroundings, is to be built this year. And this will make the pilgrimage to Gettysburg even more popular than it now is.

## Mrs. Warner Talks To Club Women on Need of State Parks

"The Palo Duro Canyon, if made into a State or National Park, so that it would be open to tourists, would afford a market for all the butter and eggs and milk and garden and orchard products which could be produced near it," said Mrs. Phebe K. Warner yesterday when she spoke to the members of the Book Club and their guests, on "Parks and Recreation in Texas."

Mrs. Warner pointed out that in Michigan, where there is a well developed chain of State Parks, every one of these has become a real money making asset within a short time after its creation.

Other points which Mrs. Warner stressed were the fact that while hundreds of people from Texas go to Colorado and other resort states for vacations each year, there are hundreds of thousands who stay at home because they can afford neither time nor money to travel great distances, and that it is these who would be afforded wholesome recreation, change of scene, and more comfortable lives, if Texas had a Park system such as other states are rapidly developing for themselves.

"Parks need not necessarily be large," the speaker went on, "for in many places the most popular parks have from fifty to five hundred acres; these afford a meeting place for people, a gathering place for church meetings, a camp ground, a place to find rest and change."

In her conclusion, Mrs. Warner stated that there has never been such widespread or intelligent interest in parks for Texas as there is at this time, and that it is the hope of the State Park Board that the revenue from the proposed Automobile Drivers License Fee will enable the plans to go forward, and that within a few years Texas will have at last four major parks, including the Palo Duro Canyon.

### CAR DELIVERIES

Earl Sanders, new Ford sedan.  
W. H. Padgett, used Ford sedan.  
Frank Hicks, new Ford sedan.  
Hamilton Tire Service, new Ford roadster.  
Jack Hamilton, new Ford sedan.

C. J. Parker, used Ford coupe.  
J. A. Ellis, model "A" Ford sedan.

### MRS. HARRISON ENTERTAINS

Mrs. C. N. Harrison was hostess to the 1927 Bridge Club at her home Tuesday afternoon. Pink yellow and green were carried out in the decorations and in the refreshments. There were three tables of bridge.

Guests of the club were Mrs. J. M. Redfern, Mrs. R. P. Jarrett, Mrs. L. Angel, Mrs. C. A. Pierle, and Mrs. Travis Shaw.

### \$20,000 PRIZE CONTEST

Mary Roberts Rhinehart and Fannie Hurst, famous writers, have accepted the task of selecting the most lovely mother and the most attractive child in America. Prizes aggregating \$20,000 will be awarded by the Photographers Association of America on the basis of their decision.

The contest is intended to celebrate the golden anniversary of the founding of the Photographers Association in 1890. Entry blanks may be secured from Ray V. Davis, local photographer.

Walter D. Hardin, who enrolled at W. T. S. T. C. when the College opened, is a candidate for tax collector of Gray county. He lives at Pampa, where he is chairman of the Gray County Ex-Student Association.

Texas has preferred to preserve the names of its heroes in its nomenclature of towns and counties rather than Indian names such as many states have largely used. Cherokee, Comanche, Nacogdoches, Pecos, Panola, and Wichita are the only names of Indian tribes used in Texas county names, although the name of the state itself is of Indian derivation—from the Tejas Indians.

## Hibbets Speaks To Amarillo Women on Panhandle Birds

Miss Anna I. Hibbets, professor of primary education, spoke at the meeting of the Women's Federated Clubs of Amarillo and Potter county, February 19, on the subject "Birds of the Panhandle and Their Economic Value."

Miss Hibbets brought out the fact that one hundred and twenty-five migratory and resident birds have been identified in the Panhandle. She showed pictures and told stories of some of the birds. She stated that since ancient times birds have appealed to the interest and imagination of man and that the last decade has witnessed a marked strengthening of this sentiment.

The speaker portrayed another importance of birds in this statement: "Students follow birds of the field in study habits and listening to the songs come in close contact and sympathy of nature and thereby adds a new zest of life—a zest which enriches without harm any creature."

## L. N. George Will Assist Ex-Students as Field Secretary

L. N. George, who was employed some time ago as part time worker for the Canyon Chamber of Commerce, has been employed to work for three months under a joint agreement of the Teachers College, Ex-Students Association and Chamber of Commerce.

He will begin work on March 2, and will spend the months of March, April and May in the field, seeking information for the three organizations which he will represent.

The Ex-Students Association, which is represented by Olin E. Hinkle of Pampa, has planned for some time to secure the services of someone who would help with ex-student organization in the towns of the territory, and in other ways keep the college and its exes in contact. The plan now started is expected to show results, even as early as the summer session this year.

### MRS. NANCE ENTERTAINS

Mr. and Mrs. George Nance entertained with a Washington Birthday bridge party at their hospitable country home last Friday evening. A red, white, and blue color scheme was carried out in the decorations and the refreshment plate. Invited guests were Mr. and Mrs. James Rose, Mr. and Mrs. Glenn Dowlin, Mr. and Mrs. Jeff Wallace, Miss Mayme Dunaway, Miss Gladys Beavers, Miss Lorena Frieze, Dr. E. J. Cundiff, and Dr. H. G. Granger.

### FRATERNAL NOTE

Have you heard about the Scotchman who was building a house and telephoned to the Masonic Temple for a couple of Free Masons?

WILL pay someone to keep sixteen live decoy ducks and geese until next fall. Write John Maynard, Amarillo. 4811

statue of General Lee. Here, among the rolling Pennsylvania hills, lie the most gallant soldiers America has produced, "Under the sod and dew, waiting the judgment day."

Every year, nearly a million and a half tourists visit the Gettysburg National Park. They come from every section of the union, as many from the South as from the North. The pleasant little town has welcomed them but its facilities for housing and feeding the guests have not kept pace with the growth of the tourist tide. It is good news, therefore, to all who cherish Gettysburg as one of our national shrines, that the people of the town have at last stirred themselves to meet this need. A new hotel, in a style and manner befitting its surroundings, is to be built this year. And this will make the pilgrimage to Gettysburg even more popular than it now is.

## Mrs. Warner Talks To Club Women on Need of State Parks

"The Palo Duro Canyon, if made into a State or National Park, so that it would be open to tourists, would afford a market for all the butter and eggs and milk and garden and orchard products which could be produced near it," said Mrs. Phebe K. Warner yesterday when she spoke to the members of the Book Club and their guests, on "Parks and Recreation in Texas."

Mrs. Warner pointed out that in Michigan, where there is a well developed chain of State Parks, every one of these has become a real money making asset within a short time after its creation.

Other points which Mrs. Warner stressed were the fact that while hundreds of people from Texas go to Colorado and other resort states for vacations each year, there are hundreds of thousands who stay at home because they can afford neither time nor money to travel great distances, and that it is these who would be afforded wholesome recreation, change of scene, and more comfortable lives, if Texas had a Park system such as other states are rapidly developing for themselves.

"Parks need not necessarily be large," the speaker went on, "for in many places the most popular parks have from fifty to five hundred acres; these afford a meeting place for people, a gathering place for church meetings, a camp ground, a place to find rest and change."

In her conclusion, Mrs. Warner stated that there has never been such widespread or intelligent interest in parks for Texas as there is at this time, and that it is the hope of the State Park Board that the revenue from the proposed Automobile Drivers License Fee will enable the plans to go forward, and that within a few years Texas will have at last four major parks, including the Palo Duro Canyon.

MRS. HARRISON ENTERTAINS

Mrs. C. N. Harrison was hostess to the 1927 Bridge Club at her home Tuesday afternoon. Pink, yellow and green were carried out in the decorations and in the refreshments. There were three tables of bridge.

Guests of the club were Mrs. J. M. Redfearn, Mrs. R. P. Jarrett, Mrs. L. Angel, Mrs. C. A. Pierle, and Mrs. Travis Shaw.

\$20,000 PRIZE CONTEST

Mary Roberts Rhinehart and Fannie Hurst, famous writers, have accepted the task of selecting the most lovely mother and the most attractive child in America. Prizes aggregating \$20,000 will be awarded by the Photographers Association of America on the basis of their decision.

The contest is intended to celebrate the golden anniversary of the founding of the Photographers Association in 1880. Entry blanks may be secured from Ray V. Davis, local photographer.

Walter D. Hardin, who enrolled at W. T. S. T. C. when the College opened, is a candidate for tax collector of Gray county. He lives at Pampa, where he is chairman of the Gray County Ex-Student Association.

Texas has preferred to preserve the names of its heroes in its nomenclature of towns and counties rather than Indian names such as many states have largely used. Cherokee, Comanche, Nacogdoches, Pecos, Panola, and Wichita are the only names of Indian tribes used in Texas county names, although the name of the state itself is of Indian derivation—from the Tejas Indians.

was lost at sea?

## Hibbets Speaks To Amarillo Women on Panhandle Birds

Miss Anna I. Hibbets, professor of primary education, spoke at the meeting of the Women's Federated Clubs of Amarillo and Potter county, February 19, on the subject "Birds of the Panhandle and Their Economic Value."

Miss Hibbets brought out the fact that one hundred and twenty-five migratory and resident birds have been identified in the Panhandle. She showed pictures and told stories of some of the birds. She stated that since ancient times birds have appealed to the interest and imagination of man and that the last decade has witnessed a marked strengthening of this sentiment.

The speaker portrayed another importance of birds in this statement: "Students follow birds of the field in study habits and listening to the songs come in close contact and sympathy of nature and thereby adds a new zest of life—a zest which enriches without harm any creature."

## L. N. George Will Assist Ex-Students as Field Secretary

L. N. George, who was employed some time ago as part time worker for the Canyon Chamber of Commerce, has been employed to work for three months under a joint agreement of the Teachers College, Ex-Students Association and Chamber of Commerce.

He will begin work on March 2, and will spend the months of March, April and May in the field, seeking information for the three organizations which he will represent.

The Ex-Students Association, which is represented by Olin E. Hinkle of Pampa, has planned for some time to secure the services of someone who would help with ex-student organization in the towns of the territory, and in other ways keep the college and its exes in contact. The plan now started is expected to show results, even as early as the summer session this year.

MRS. NANCE ENTERTAINS

Mr. and Mrs. George Nance entertained with a Washington Birthday bridge party at their hospitable country home last Friday evening. A red, white, and blue color scheme was carried out in the decorations and the refreshment plate. Invited guests were Mr. and Mrs. James Rose, Mr. and Mrs. Glenn Dowlin, Mr. and Mrs. Jeff Wallace, Miss Mayme Dunaway, Miss Gladys Beavers, Miss Lorena Prieze, Dr. E. J. Cundiff, and Dr. H. G. Granger.
